PRIMETIME EMMY® AWARDS
RULES & PROCEDURES
INTRODUCTION

These are the official rules and procedures for the Primetime Emmy Awards.

These rules have been reviewed for the 2021-2022 awards and as specifically noted in the text (in bold), revised by the Television Academy Board of Governors.

The Emmy Awards Committee, on behalf of the Board of Governors, is the final arbiter of any and all Emmy Awards eligibility matters, including any matters not explicitly addressed in the rules.

Category placement will not be finalized until 72 hours prior to the posting of the nominating ballots. Entry in a category or posting a For Your Consideration video assigned to a category does not assure placement in that category. For question about category placement, contact the awards department at emmyawards@televisionacademy.com.

ENTRY PROCEDURES

1. **Entry Deadline:** Entries will be accepted online until 6:00 PM (PT) on May 12, 2022. All entries (including all submission materials), whether the program has already aired or will air/post by May 31, MUST be entered by May 12 (see hanging episode rule 14c and 14d).

2. In most categories, entries may be modified by the entrant (by contacting the awards staff) until 5:00 PM on May 31, 2022. An example of a modification would be the replacement of the episode submitted for judging with another eligible episode.

3. Programs and individual achievements unexpectedly scheduled for airing after the entry deadline has passed should contact emmyawards@televisionacademy.com.

4. Programs and individual achievements in preparation but not completed by the time of the entry deadline (May 12) must still be entered by May 12. If upon viewing the completed program the entrant decides to not submit, the entry can be withdrawn.

5. Producers may enter their programs for nominations in all categories. Individuals may enter themselves (and their team if the entry is for a team achievement) for specific individual awards.

6. In most categories/areas an eligible individual or the identical team may enter multiple achievements per category or area if the achievements are for different programs. Categories excluded from this rule are directing in comedy and drama series, directing for movies/limited or anthology series, directing for variety series and specials and technical direction for series and specials. In the case where a producer makes an entry for an eligible individual or team, it is the producer’s responsibility to inform them that the entry has been made on their behalf.

7. It is a general principle of this competition that a single achievement is limited to a single bid for an Emmy, i.e., every entrant is eligible to place their achievement in only one appropriate category. Final approval of category placement is determined by the Primetime Emmy Awards Committee.

8. In the case of entries that include multiple entrants, the person making the entry must submit all eligible entrants, not just themselves or a partial list of entrants. Only those individuals with an eligible credit and who have made a significant and substantive contribution to the achievement entered are eligible. When there is an eligible entrant who does not wish to participate in the competition, documentation must be received from the individual not entering, stating that they are aware of the entry and do not wish to be included.

9. It is often the case that an agent, manager, studio, production company or broadcast entity will facilitate the entry by submitting the form, but the individual who is listed as the “entrant” is considered by the Television Academy to be the person who has made the entry.

10a. Eligibility is based on screen credit. Producers may not alter an individual’s screen credit in order to qualify the individual for Emmy eligibility. Entries not supported by final and definitive credits (as determined by the Awards Committee in conjunction with the relevant peer group executive committee) are ineligible.

10b. An eligible entrant may use their legal name or a pseudonym, but whatever name is used must appear in the credits or verified by the production.

11. Next of kin may make an entry on behalf of a deceased relative.

12. Correct entry information is the responsibility of the entrant/submitter. The Television Academy is not liable for incorrect ballot listings that are the result of incorrect information on the entry forms.
13. If an entry is made in the wrong category and the error is not discovered until the posting of the nomination ballots, it will be disqualified. If the Television Academy makes an error that leads to an incorrect categorization on the nomination ballot, a correction will be issued.

14. Ineligible entries will be disqualified at any stage of the competition.

15. For categories that allow petitions, the petition must be authored by the entrant who is petitioning for eligibility. A single petition can be submitted per individual and appeals may not be accepted if a PGEC has denied a petition.

### ENTRY FEES

Entry fees are based on the number of individuals submitted.

1. Individual achievement entries have a processing charge of $100 per submission. In addition to the $100 processing charge, each entrant is charged a $100 entry fee per individual listed on the entry, e.g., for an individual achievement entry (commercials, costume design, editing, sound editing, etc.) with two entrants, the processing fee is $100 + $200 entry fee (for a total of $300 for the entry).

2. Program entries have a processing charge of $200 per submission. In addition to the $200 processing charge, each entrant included with the submission is charged a $100 entry fee, e.g., the entry fee for a program entry (comedy series, limited or anthology series, documentary, etc.) that has four producers, the processing fee is $200 + $400 entry fee (for a total of $600 for the entry).

Television Academy National Active and Associate members will continue to receive an entry fee discount on up to two entries.

Entry fees must be paid online by credit card by May 31, 2022. Entry fees, including the processing fee, will not be refunded for incorrect submissions.

### MEMBER FEES

1a. Television Academy National Active and Associate members receive an entry fee discount on up to two entries. This benefit means that for an entry where the member is the sole entrant, the $100 processing fee and the $100 entry fee is waived. For an entry with multiple entrants, the member's portion of the processing fee is waived in addition to the member’s $100 entry fee. Additional entries will require the full entry fee. (Each member submitting an entry will need to enter their member number on the entrant page of the online form to receive their entry fee discount.) Member numbers are non-transferable.

1b. In the case of an entry with multiple individuals, be it for an individual achievement or program entry, each individual may enter their membership number to cover their portion of the entry fee. The member number can be found on the front of your membership card. If you do not have your membership card, log into your account at televisionacademy.com/members.

2. Non-members pay their portion of the processing fee based on the number of individuals submitted and their $100 entry fee. If a non-member entrant joins the Television Academy prior to March 31 (application submitted and paid), their portion of the processing fee and their entry fee will be waived if their member number is added to their entry by May 12, and prior to payment being made.

3. National Academy of Television Arts & Sciences memberships are not valid as entry fee waivers.
CRITERIA FOR ELIGIBILITY

Criteria relating to the eligibility of individual achievements:

- eligibility will be considered on a case-by-case basis
- individual achievements originated for or derived/adapted from a medium other than television (e.g., the costumes for a Metropolitan Opera production subsequently taped for broadcast) are ineligible
- individual achievements originated for television or simultaneously originated for both television and another medium (e.g., costumes for a joint production of a program designed to be presented live on stage and live/recorded on television) are eligible

1. Programs (and individual achievements within them) are eligible for nomination if they were originally aired (6:00 PM - 2:00 AM) or content that identifies as Primetime programming by virtue of genre, during the current eligibility year (i) by broadcast to at least 50% of the total potential United States television market, (ii) by pay/basic cable transmissions (including by way of example so-called basic cable, pay cable, pay television and interactive cable), or (iii) by broadband to markets representing at least 50% or more of U.S. households, or (iv) Interactive Media entries that were widely and openly available on a public website. Entries that were available only in a limited number of physical locations, through closed or “invitation only” websites, or exhibited solely at conferences, shows, events or festivals, are not eligible.

2. To be eligible, a program must have its "premiere" airing during the eligibility period. This "premiere" must be the first airing and promoted and reviewed as such. Preview screenings, which are aired late-night or posted on the internet and are not promoted or reviewed as such, will not qualify as an eligible "premiere."

3a. Where there is a program that is eligible for placement in more than one category, the producer has discretion (excluding nonfiction/reality programs) with the final approval of the Industry Review Panel to enter the program and its individual achievements in any category where they are eligible. The placement of a program automatically directs the placement of all individual achievement entries, e.g., if a program is placed in comedy series, performers must follow in comedy series categories (or, where there is no such direct correspondence, the most appropriate category, unless otherwise noted).

3b. A program that has entered in one category one year may appeal to move it to another category in any subsequent year, with the approval of the Academy’s Industry Panel.

4. Game shows initially broadcast in primetime during the hours of 8:00 PM and 2:00 AM Eastern Time and the corresponding primetime period in other time zones are to be judged and presented as a part of the Primetime Emmy Awards competition and ceremony. Game shows broadcast prior to 8:00 PM are eligible in the Daytime Emmy Awards.

5. Extended-length episodes of series may only be entered in the series area and may not be entered as movies, limited or anthology series or specials.

6. Entertainment News Programs airing nationally between the hours of 6:00 PM and 8:00 PM may choose to compete in the Daytime Emmy Awards.

7. Children’s Programming (for ages 2 – 16) previously eligible in the Primetime Emmys are now only eligible in the Children’s & Family Emmy competition.

8. Foreign television production is ineligible unless it is the result of a co-production (both financially and creatively) between U.S. and foreign partners, which precedes the start of production, and with a purpose to be shown on U.S. television. Any production produced in the U.S. in a language other than English, is eligible in the Primetime Emmys. For productions produced outside the U.S. as a co-production between U.S. and foreign partners, in a language that is substantially (i.e., 50% or more) in a language other
than English, shall have the discretion to enter the production and its individual achievements in any category where they are eligible in the Primetime Emmy Awards competition or in the awards competition of the International Academy of Television Arts & Sciences ("International Academy"), but not both.

9. A program that had eligibility in a prior awards year or another Emmy competition or is a foreign acquisition without benefit of a domestic co-production cannot be re-introduced into eligibility in the current awards year, even though it may have been modified with new footage, soundtrack, musical score, etc.

10a. Television programs that are offered for "general theatrical release" occurring prior to their airing or Internet exhibition are not eligible. A "limited theatrical release" prior to the airing or Internet exhibition of the television program cannot exceed an aggregate of up to seventy (70) days prior exhibitions (i.e., 7 theaters for 10 days). A program with a prior theatrical release loses eligibility if it does not air within a year of its initial public exhibition, regardless of if this is or is not a general release. Film festival screenings do not count as theatrical screenings. Showing a foreign television program that otherwise qualifies as an eligible foreign co-production under the Rules shall not be disqualified because of a prior limited theatrical release.

10b. Any film placed on the AMPAS viewing platform will be deemed a theatrical motion picture and thus ineligible for the Emmy competition.

10c. Any program that has been nominated for an Oscar® is no longer eligible to enter the Primetime Emmy Awards competition.

10d. Single-day mass releases, e.g., more than 70 theaters on one date, disqualify a program for subsequent Emmy eligibility, unless it meets the requirements for Exceptional Merit in Documentary Filmmaking.

11. Telethons aired for the purpose of raising money for political parties are ineligible.

12. No program (along with its individual achievements) previously entered in any other national Emmy competition (Daytime, Children's & Family, News and Documentary, Sports or International) is eligible for the Primetime competition. No Emmy broadcast (including its individual achievements) of any kind is eligible to enter the Primetime Emmys.

13. Programs first broadcast during primetime hours, which are an extension or a special of a daytime or children's series, are eligible in the Daytime or Children's & Family Emmy competition, but not eligible in Primetime.

14a. An ongoing series or intended series (excluding documentary/nonfiction) that is cancelled or discontinued and/or five or less episodes first aired in the current eligibility year, the series is ineligible for program category entry. However, individual achievement eligibility for "orphaned" episodes of a series that has previously qualified for series program eligibility may be eligible so long as the entry complies with the specific eligibility rules for the category. Series body-of-work individual achievement entries are not eligible. These categories include lead and supporting performers, writing for a variety series, casting, stunt coordination and, where the body-of-work entry option is chosen, picture editing and cinematography for a reality programming, and special visual effects for a season.

14b. Shortened seasons for series: Once a show is established as a series, if additional shortened seasons are added (fewer than six episodes), it would still be considered a series, unless it was limited to one or two episodes (which would categorize it as a movie and a limited or anthology series respectively).

14c. Hanging episodes for series eligibility: If an ongoing series has enough episodes that have been nationally broadcast in the current eligibility year to qualify as a series and has hanging episodes or episodes deemed ineligible because their airdate falls after the end of the eligibility year (May 31, 2022), those episodes must be posted on an accessible platform by May 31 in order to gain eligibility for the current eligibility year and must meet all of the
following criteria:

- Episodes must be posted within the current eligibility year (by May 31)
- Episodes may be posted on a private online platform accessible only to Television Academy membership
- Episodes must be the same in form and content as when they later appear in their regular time slots
- The subsequent airing of the episodes must take place prior to the start of nominations-round voting (June 16)

14d. Hanging episodes/parts eligibility for limited or anthology series: To qualify for eligibility in the current eligibility year, the limited or anthology series must premiere on a national platform. If the limited or anthology series has one or more episodes/part that fall into the subsequent eligibility year, and those episodes/parts are not able to be posted on a platform available to Television Academy members by May 31, then the complete limited or anthology series, along with the individual achievements, will be eligible in the subsequent eligibility year. Any limited or anthology series episodes, including the finale, posted on a platform available to Television Academy members to meet the May 31 eligibility requirement must air nationally prior to the start of nominations-round voting (June 16).

15. Clip shows, year-enders, best-ofs and anniversary specials must be entered as specials. Previously aired material from the past two eligibility years is limited to no more than 35% of the program's total running time to be eligible. (Inclusion of material originally aired prior to June 1, 2020, is considered "historic" and does not negatively affect eligibility.)

16. A "special" episode of a primetime series can petition the Primetime Awards Committee to be entered as a stand-alone special in a non-series category or area, but only if it was not part of the regular series order from the network and involves a significant and substantive format change throughout. The main title must be different from the series, and the program must be promoted as a special.

17. Programs that have reached a cumulative audience of at least 50% of the total potential U.S. television audience during the eligibility period, but not 50% exclusively in daytime or primetime, would enter either the Children’s & Family, Daytime or Primetime competition, based on the genre.

18. If a program is comprised of more than one segment, an individual entrant must enter his or her segment only.

19. Where there is a minimum percentage for an achievement to gain eligibility, and that minimum is not met, the achievement is ineligible to enter elsewhere in the competition.

20. Short form programs and individual achievements are only eligible in existing short form categories or individual achievement categories that do not specify either a genre or program length.

21. Self-Published Programming: Any program that is self-published (programming without financial or creative involvement from a network or studio) will be vetted to determine if the program is suitably competitive to be included on the nominating ballot. No individual achievement within a self-published program may be entered if the program is not approved for the ballot.

22. Program lengths for Series:

- Short Form series episodes have an average episode running time of two minutes to 20 minutes
- Half-hour series episodes have an episode running time of more than 20 minutes and up to 40 minutes
- Hour-long series have an episode running time of more than 40 minutes and up to 75 minutes

Version 1 01.20.2022
23. The Interactive Program category and the juried award for Innovation in Interactive Programming have been eliminated for the 2021 – 2022 competition. Entries that would normally submit in Outstanding Interactive Program can submit in a program category where they are eligible.

**NOMINATION VOTING PROCEDURES**

1. Ballots will be posted on June 16. The deadline to vote is 10:00 PM (PT) on June 27.

2. All national active members are entitled to vote for outstanding program nominations. This rule does not include animated programs or documentary/nonfiction program categories (only selected peer groups will have access to the nominating ballot for animated programming and only the Documentary peer group members will have access to the Documentary/Nonfiction Specials and Series ballots).

3. Peer groups have access to the ballots pertinent to their membership (see Appendix for breakdown).

4. HYPHENATE BALLOTS: Ballots outside of their peer groups may be requested by members whose credits would allow them voting privileges in those peer groups, e.g., a producer member who also has the requisite writing credits may additionally request a writing ballot. The deadline for applying for additional ballots is April 7. Current members will be notified in March. If you do not receive the notification, e-mail the membership department at membership@televisionacademy.com. Members must reapply every four years to receive hyphenate ballot(s).

5. Quid pro quo and block voting are considered by the Academy to be in violation of the spirit and substance of the member code of conduct clause that deems any action or activity which could reasonably be construed as contrary or detrimental to the best interests of the Academy to be a violation of the code. Emmy voting is meant to reflect an individual voter’s opinion rather than an ad-hoc group’s mandate.

Per Paragraph 14 of the rules book chapter on ENTRY PROCEDURES, ineligible entries will be disqualified at any stage of the competition. The intent of quid pro quo and block voting is to illegitimately advance an entry to a nomination or a nomination to a win. Although the entry, nomination or win may or may not be deemed ineligible, members found to be engaged or otherwise complicit in quid pro quo and block voting shall have any votes cast invalidated and be disqualified from subsequent voting in the Emmy competition.

**NOMINATION PROCEDURES**

1. Nominations will be based on the number of submissions received in each category:
   - 20 – 80 submissions = 5 nominations
   - 81 – 160 submissions = 6 nominations
   - 161 – 240 submissions = 7 nominations
   - > 240 submissions = 8 nominations

The following exceptions will apply:
   - Comedy Series and Drama Series will have eight nominations

Actor and Actress categories for the same genre/category designation, i.e., supporting actor comedy and supporting actress comedy, will have parity in the number of nominations (except in categories with fewer than 20 submissions).

   - Categories with fewer than 20 submissions
     - 0 – 7 submissions = submissions will be screened by the appropriate peer group for nomination; any entry that receives nine-tenths approval will receive a nomination
     - 8 – 11 submissions = 2 nominations
2. In the case of ties, the closest number to the targeted number of nominations will prevail, unless there are fewer than three or more than seven nominations, in which case the Primetime Awards Committee will determine the number of nominations.

3. Ties that include the possibility of the total number of nominations being 1 number from the target number of nominations break in favor of the higher possibility, e.g., 4 or 6 breaks to 6.

4. Ties that include the possibility of the total number of nominations being 2 numbers from the target number of nominations break in favor of the lower possibility, e.g., 3 or 7 breaks to 3.

5. Ties that include the possibility of the total number of nominations being 3 numbers from the target number of nominations are resolved by the Awards Committee, e.g., 2 or 8 does not automatically break and must go to the Awards Committee for a final decision.

6. In some categories, there are distinct types of programs (“Tracks”) vying for the requisite nomination slots in a system where the number of nominations is meted out proportionately to the number of entries, if there is a minimum of three entries for a given track. There is the possibility of ties within a given track.

7. Nominated achievements may be withdrawn from nomination by a sole nominee or all nominated members of a team. Individual nominees on a team may withdraw themselves, but the nomination will stand if at least one team member remains.

8. Nominees will be announced live on July 12, 2022.

9. Errors and Omissions: Except for cases where the omission of a name is a Television Academy error, there will be a flat fee of $250 for an individual added between July 12 and July 26. The final date for errors and omissions (including the names of eligible individuals not on the list exchanged for nominated names on the list) will be July 26, 2022.

10. Each nominee agrees that any film, tape recording, screenshot, photography or supplemental printed material that is furnished to the Television Academy by or on behalf of the nominee in connection with an entry may be retained by the Television Academy for file, reference and archival purposes and may be viewed partially or in its entirety for judging purposes. All of or portions (i.e. “clips”) from any such film, tape recording, screenshot, photography or supplemental printed material may be used on or in connection with the presentation and/or broadcast and/or other exhibition and/or promotion of any Emmy Awards Ceremony, including but not limited to any internet exhibition of such films, tape recordings, screenshots or clips from the same and/or supplemental printed material and use in connection with promotional announcements or other promotional activities for any of the foregoing; use of such films, tape recordings, screenshots or clips from the same and/or photography or supplemental printed material may involve use of other parties’ name, voice and likeness rights, and such rights shall be subject to clearance by or with the assistance of nominee, as Television Academy may direct, and the nominee indemnifies the Television Academy against any claim of unauthorized or unlicensed use of any material.

11. Nominee tickets: Nominees who are members of the Television Academy will receive two complimentary tickets to the appropriate awards presentation and dinner. Creative Arts non-member nominees may purchase one guest ticket to the presentation and ball for $375, Telecast non-member nominees may purchase one guest ticket to the presentation and ball for $750, or non-member nominees may choose to join the Television Academy (membership fee $250, which includes a $50 non-refundable application fee) and receive one guest ticket at no extra charge.
1. Final-round voting will take place **August 18 – August 29**.

2. Only National Active Television Academy members who were eligible to vote in the nomination round are eligible to vote in the final-round.

3. Nominees are not eligible to vote in a category in which they are nominated in the final round of voting.

4. National Active members from all peer groups are eligible to vote on the program categories (except animated and documentary program categories).

5. Judging of individual achievement categories is restricted to peer judging (e.g., only writer members may judge writing categories, only director members may judge directing categories, etc.) unless otherwise indicated.

6. Peer groups determine the judging systems for their peer group. Emmy judging can be a yes/no vote (yes, the nomination is worthy of an Emmy or no, the nomination is not worthy of an Emmy) or a single vote for the top selection.

7. Nominated Drama and Comedy series programs, including Short Form Comedy, Drama or Variety Series are required to submit any six eligible episodes for final-round judging. The episodes must be the usual running time of the series episodes. Extended-length episodes will count as two episodes.

   **NOTE:** The minimum number of episodes that need to be broadcast during the eligibility year to qualify for all series (excluding Documentary or Nonfiction Series and Hosted Nonfiction Series or Special) will be six. (An exception to this rule would be an established series that added a shortened season to the series order.)

8. The length of an episode submitted for individual achievement may exceed, by as much as double, the standard running time of the series episodes. Extended length episodes must be originally aired in one continuous time block with a single main title card and a single end credit roll. If the episode airs in two parts, both parts must have the same episode title and may be selected (excluding Special Visual Effects) if they do not cumulatively exceed twice the standard running time of the series episodes.

9. Upon nomination, every Emmy Award is conditioned upon the delivery of a correctly prepared digital file of the nominated achievement to the Academy, unless otherwise indicated.

   **NOTE:** Digital files must be of acceptable quality for viewing, with correct audio and video reproduction. Unless otherwise noted, files must be in the same form and content as originally broadcast, minus commercial breaks. Failure to provide judging materials will result in forfeiture of the opportunity to win an Emmy.

10. Quid pro quo and block voting are considered by the Academy to be in violation of the spirit and substance of the member code of conduct clause that deems any action or activity which could reasonably be construed as contrary or detrimental to the best interests of the Academy to be a violation of the code. Emmy voting is meant to reflect an individual voter’s opinion rather than an ad-hoc group’s mandate.

    Per Paragraph 14 of the rules book chapter on ENTRY PROCEDURES, ineligible entries will be disqualified at any stage of the competition. The intent of quid pro quo and block voting is to illegitimately advance an entry to a nomination or a nomination to a win. Although the entry, nomination or win may or may not be deemed ineligible, members found to be engaged or otherwise complicit in quid pro quo and block voting shall have any votes cast invalidated and be disqualified from subsequent voting in the Emmy competition.
EMMY WINNERS

1. All votes are tabulated by the accountants, and winners are announced at the Creative Arts Awards and the Primetime Telecast. The Emmy will be presented to the individual(s) specifically listed with each nomination. If more than one eligible individual is credited with the winning achievement, each individual will receive an Emmy.

2. Ties in the final round of voting will be broken by referencing the tied nominations’ relative voter approval in the first-round nominating ballot, e.g., if nominations A and B are tied in final round voting, and if nomination A had X-number of first-round votes and nomination B had X+1-number of first-round votes, nomination B would be the Emmy winner.

3. The Emmy may be accepted by a designee in those cases where the awardee has died or become permanently disabled.

4. Because there are often changes in the rosters of nominees between the nomination press release and the winner press release, the winner press release will be considered the final and definitive source of winner information (based on the final and definitive nomination information used by the accountants to prepare the winner press release).

RULES FOR THE PROTECTION OF THE EMMY® STATUETTE

1. The EMMY® statuette is the property of and all rights are reserved by the Academy of Television Arts & Sciences.

2. The EMMY® statuette may not be reproduced or used in any commercial manner unless otherwise permitted by the Academy, it being understood that possession of the same is solely for the benefit of the recipient and the recipient’s heirs or successors in interest.

3. If a recipient or the recipient’s heir or successor in interest proposes to sell or otherwise dispose of the EMMY® statuette, such persons shall be obligated to return the statuette to the Academy of Television Arts & Sciences which will retain the statuette in storage in memory of the recipient.

CATEGORIES

AREAS

JURIED AWARDS
AWARDS DEFINITIONS

1. Category
The definition of a category award is a single, must-give award that is the result of head-to-head competition with the highest vote-getter receiving an Emmy.

2. Area
An area award is non-competitive. In the final judging round each nomination is considered on its own terms without regard to the other nominations in the area. Any nomination with at least 90% approval receives an Emmy. If none of the nominations receives 90% approval, the nomination with the highest approval receives the Emmy. Area awards in Picture Editing and Sound Mixing: Any nomination with at least nine-tenths approval of the judges receives an Emmy. If none of the nominations receives nine-tenths approval, the nomination with the highest approval (with a minimum of 50% approval) receives an Emmy. There is the possibility of one, more than one or, if none has 50% approval, no award in each area.

3. Juried
In a juried award, all entrants are screened by a jury of appropriate peer group members and one, more than one or no entry is awarded an Emmy. In general, there are no nominations. The winner(s), if any, are announced prior to the awards presentation. Deliberations are open and arguments pro and con the giving of an Emmy to an entrant is discussed. At the conclusion of the deliberation on each entry, the jury votes on the question, “Is this entry worthy of an Emmy award - yea or nay?” (and, as with all parliamentary-procedure votes, there is the option to abstain). Only those with unanimous approval win. If there is a single dissenter in a panel comprised of no more than twelve jurors who cannot be convinced to change their vote, the chair may rule that the award will be given in spite of that single dissent. Two dissenters in a panel comprised of 13 to 24 jurors may be over-ruled (with a single dissenter added to each increment of twelve, e.g., three for a panel of 25 to 36 jurors, four for a panel of 37 to 48 jurors, etc.).

4. Rule of Twenty-five
If for two consecutive years the Board of Governors identifies that there are (or would have been had the category been in place) twenty-five or more entries that define such a significant, specialized, and distinct achievement that they no longer are represented adequately within an existing category, they may, at their discretion, separate these entries into a new category.

If for two consecutive years there are less than twenty-five entries in an existing category, they may, at the Board’s discretion, be combined into a related category (in consultation with the applicable peer group).

### ANIMATION AWARDS

**NOTE:** Eligibility in Animation is for programming that targets an audience age 13 and above. **Juried 1 OUTSTANDING INDIVIDUAL ACHIEVEMENT IN ANIMATION**

For a single episode of a series or a special

An individual may enter multiple achievements if the achievements are for different programs. A panel of judges from the Television Academy’s animation peer group determines this juried award.

For all entries: artwork must be originally created for the submitted episode, and no stock will be accepted unless it was created specifically for the submitted episode. Artwork which was previously submitted in a prior awards year is not eligible – see additional note under Background Design.

**NOTE:** All artwork must be digitally submitted, at the time of entry, by uploading a single pdf file. Printed hardcopies of the entrant’s artwork will no longer be accepted.

If possible, submitted artwork must include a digital signature of the artist and director or producer. The purpose of the signatures is to ensure that the artist, director and/or producer are aware that the entry is being made and that the correct entry materials are being submitted. If you’re unable to obtain signatures, include a brief written statement explaining why on the first page of your artwork pdf.
This category is for the individual artist who created the original artwork – supervisors and leads are only eligible if they themselves created the artwork submitted.

Category 2 OUTSTANDING ANIMATED PROGRAM
For a single episode of a series or a special

A minimum of six episodes must air within the current eligibility year to qualify as a series. A special is as an original program, which tells a story with a beginning, middle and end, and is broadcast/streamed in one part.

Emmy(s) to the producer(s) whose credit is Executive Producer, Co-Executive Producer, Supervising Producer, Producer, Produced by, Animation Executive Producer or Animation Producer - responsible for all creative phases of the animation production process from pre-production to post-production; the writer(s) whose credit is Writer, Written by, Story by or Teleplay by; the director(s) whose credit is Director, Directed by, Supervising Director, Assistant Director, Animation Director, Timing Director, Timer or Voice Director. All eligibility is subject to approval by the animation peer group executive committee.

During each eligibility period, all eligible, credited writers of animated programs who qualify for an animation program award are considered as one of the group of participants who are entitled to receive the Emmy(s) for any such program. The team includes writers, producers and directors.

However, any eligible writer may elect to opt out from being such a team participant and instead may enter the competition in any applicable individual achievement writing category. For example, a writer on an animated comedy series may choose to enter in the Writing For A Comedy Series category rather than with the animated program team, and a writer on an animated special may choose to enter in the Writing For A Limited or Anthology Series or Movie category. Likewise, any eligible writer on any other series episode may choose to enter in an appropriate writing category.

Note that per the “one-achievement, one-entry” rule, a writer may not have dual eligibility in both animation and writing categories for the same episode or special, i.e., no “double dipping.” However, a writer who is eligible in the program category may enter a different episode from the same series in a writing category without having to opt out of the program category. Writing teams (two or more writers of the same episode or special) must remain a team and may not split their entry.

ELIGIBILITY RULE: In cases where the entry was created by a separate show runner and production house, numerical caps shall be set for those directors, writers and producers eligible on the episode or special chosen for entry, as follows:

a maximum of four directors
a maximum of three writers
a maximum of fourteen producers

The total number of entrants is capped at 21 without restrictions based on a producer’s employer (either the production company or the animation house) - with all eligibility subject
to approval by the animation peer group executive committee. And because some producers may contribute to the entry as writers, the showrunner making the entry may list them as "producer/writer" among the three writing slots, with those producer-writers who did not contribute to writing the entry entered among the fourteen slots for the producers.

NOTE: The nomination slots in the Animated Program category have two tracks – half-hour programs and hour or more programs. The number of nominations will be proportionate according to the entries received for each track with the caveat that there will always be one slot reserved for the highest vote-getter among the hour or more programs, if there is a minimum of three entries for a given track. However, if there are zero votes in the one hour or more track, all nominees will emerge from the half-hour track.

Nomination requirement: A digital upload of the program will be requested at the point of nomination.

The animation content of either a fully animated or animation and live-action program must be at least 65% new animation to qualify the program for entry in an animation program category.

An animated program may choose to enter to a live-action category. If entered in a live-action program category (e.g., comedy or drama), producer eligibility is based on the eligibility for that category.

Animated series are nominated for a single episode. If entered in an animation program category, only those producers, directors and writers credited on the submitted episode are Emmy-eligible.

**Category 3 OUTSTANDING SHORT FORM ANIMATED PROGRAM**

For a single episode of a series or a special

This category is open to original short form primetime animated programs with an average episode running time of two minutes to 20 minutes and recognizes entries from over-the-air, cable, satellite and internet exhibition. Content must be original.

A minimum of six episodes must air within the current eligibility year to qualify as a series. A special is as an original program, which tells a story with a beginning, middle and end, and is broadcast/streamed in one part.

Emmy(s) to the producer(s) whose credit is Executive Producer, Co-Executive Producer, Supervising Producer, Producer, Produced by, Animation Executive Producer or Animation Producer - responsible for all creative phases of the animation production process from pre-production to post-production; the writer(s) whose credit is Writer, Written by, Story by or Teleplay by; the director(s) whose credit is Director, Directed by, Supervising Director, Assistant Director, Animation Director, Timing Director, Timer or Voice Director. All eligibility is subject to approval by the animation peer group executive committee.

Programs will be reviewed and approved as appropriate for this category by the Award Committees of the Television Academy and of the National Academy of Television Arts & Sciences.

ELIGIBILITY RULE: In cases where the entry was created by a separate show runner and production house, numerical caps shall be set for those directors, writers and producers eligible on the series or special chosen for the entry, as follows:

- a maximum of four directors
- a maximum of three writers
- a maximum of fourteen producers

The total number of entrants is capped at 21 without restrictions based on a producer’s employer (either the production company or the animation house) – with all eligibility subject to approval by the animation peer group executive committee. And because some producers may contribute to the entry as writers, the showrunner making the entry may list them as
“producer/writer” among the three writing slots, with those producer-writers who did not contribute to writing the entry entered among the fourteen slots for the producers.

Animated series are nominated for a single episode. Only those producers, directors and writers credited on the submitted episode are Emmy-eligible.

Nomination requirement: A digital upload of the program will be requested at the point of nomination.

The animation content of either a fully animated or animation and live-action program must be at least 65% new animation to qualify the program for entry in an animation program category.

**Short Form Animated programs can also enter individual achievements in:**

- Outstanding Main Title Design
- Outstanding Original Music And Lyrics
- Outstanding Original Main Title Theme Music

- Outstanding Sound Mixing For A Comedy Or Drama Series (Half-Hour) And Animation

**ART DIRECTION AWARDS**

Emmy(s) to production designer(s), *art director(s) and set decorator(s), if applicable.

*NOTE: if a person is given the title ‘Supervising’ or ‘Lead’ it will be assumed that their position is higher than those without. For example, if a show has a Supervising Art Director and an Art Director, the Supervising Art Director will be included, but the Art Director will not. If the PD feels that despite the titles, they are equal, a petition should be submitted and the PGEC will determine eligibility.

An Emmy is awarded to the Production Designer, the Set Decorator and the Art Director. If there are additional people holding these positions, there must be a petition to explain why they should be included or excluded.

2nd unit and reshoot credits are not eligible.

The Assistant Art Director who is functioning as the Art Director on a half-hour show can be submitted (with a petition) for Emmy consideration, but only if that show does not have another credited Art Director.

The initial entry may be submitted by any team member and must include the whole team. When there is an eligible entrant who does not wish to participate in the competition, documentation must be received from the individual not entering, stating that they are aware of the entry and does not wish to be included.

An individual or the identical team may enter multiple achievements in a production design category if the achievements are for different programs. The Peer Group Executive Committee (PGEC) will review all screen credits for entrant eligibility on submitted programs. All eligibility is subject to final and definitive review by the PGEC to determine principal creative contributions. The decision of the PGEC with the concurrence of the Primetime Awards Committee is definitive and final.

Entries are capped at a maximum of three entrants for conventional domestic programming (with prior team eligibilities of more than three entrants not allowed to grandfather into
current team eligibility). Proposed additional entrants for an entry beyond the cap of three will be considered on an individual basis by petition to the PGEC by the Production Designer or Art Director (if no Production Designer is credited). A petition form must be filled out in its entirety. Petition entries with incomplete or missing information will not be considered.

Petitions: All petitions must explain the roles of all members of the submitted team, not just the person being petitioned. Photos, drawings etc., should be submitted to support the petition. Petitions must be received by the entry deadline. Petitions cannot be submitted for the department head. It is the responsibility of the submitter to fill out the petition correctly/fully and provide sufficient details to support the petition. No appeals will be accepted to try and qualify after PGEC has denied a petition. Petitions received after nominations are announced will not be considered.

A job description must accompany any screen credit/job title submitted outside of the standard credits (production designer, art director, set decorator), e.g., production buyer/scenic designer, who will require approval by the PGEC.

In the case of multiple New York production designers, the PGEC will seek additional information in the form of a job description/responsibilities. The PGEC’s review and decision on the eligibility of additional petitioned entrants will be final.

Individuals without screen credit must provide a deal memo or letter from a credited executive producer to establish an eligible job title.

If there are two teams working on the program/episode, totaling more than three people, then a petition should be submitted explaining the two teams’ roles. The PGEC will determine the eligibility of the entrants. If, through editing, the work from more than one team appears in a submitted episode, the PD should explain in a petition whether both teams should be included and include a percentage of the show that each team contributed to.

Nomination requirement: A digital upload of the program/episodes will be requested at the point of nomination.

SPECIAL ENTRY INSTRUCTIONS FOR SERIES ENTRIES IN ALL AREAS:
For a series not in its premiere season, 2/3 screen time or 2/3 set count of the submitted entry(s) must be in new sets or locales for design team to qualify for submission.

If the series entry has a prior team, in either a past or the current season, they will need to complete a Program Information Form to establish that at least 2/3 of the sets are the work of the team being entered.

A "prior team" for the current season occurs if any of the eligible team (production designer, art director or set decorator) was different - even by one individual - on any episode earlier in the current season.

For set redesigns only: entries need to include a statement that details the design changes and should be supported by photos and/or drawings on your PIF form to explain the changes made. Supporting DVDs that show the original design and the redesign may be requested.

To qualify for the 2/3 rule, a design team must upload beginning and end credits for the episodes being submitted and complete the Program Information Form available at emmys.com/emmys/pif.

The above 2/3 rule applies to limited or anthology series that have more than one design team.

Entries with incomplete or missing Program Information Forms (PIF) will not be considered. For a series, up to three (3) episodes may be submitted by the design team as long as all entrants are credited on all three episodes to fulfill 2/3 rule requirement. Enter the minimum number of episodes to qualify for the 2/3 rule. Episodes must be listed in the order they aired and new sets calculated after each episode until the 2/3 mark is met. Extended length episodes will count as two episodes.
Area 4 OUTSTANDING PRODUCTION DESIGN FOR A NARRATIVE CONTEMPORARY PROGRAM (ONE HOUR OR MORE)
For a series, limited or anthology series (if credited on all parts), or for a single part of a limited or anthology series (if credited on one or more but not all parts), or for a movie or special

51% of the running time must be contemporary scenery to be eligible.

Area 5 OUTSTANDING PRODUCTION DESIGN FOR A NARRATIVE PERIOD OR FANTASY PROGRAM (ONE HOUR OR MORE)
For a series, limited or anthology series (if credited on all parts), or for a single part of a limited or anthology series (if credited on one or more but not all parts), or for a movie or special

“Period” refers to any program whose setting is 25 years prior to January 1 of the current awards eligibility year.

51% of the running time must be period or fantasy scenery to be eligible.

Area 6 OUTSTANDING PRODUCTION DESIGN FOR A NARRATIVE PROGRAM (HALF-HOUR)
For a series or a special

The Assistant Art Director who is functioning as the Art Director on a half-hour show is able to be submitted (with a petition) for Emmy consideration, but only if that show does not have another credited Art Director.

Entries in Area 6 will be recognized in two genres: multi-camera and single-camera. The number of nominees will be proportional to the number of submissions in each genre, with at least one nomination for each, if there is a minimum of three entries for a given track.

Area 7 and 8: A Variety show is traditionally formatted for a live audience in a multi-camera format and can include musical acts or sketch comedy pieces but not limited to all of these together. In the cases where there is a single camera fictional “arc” over the series, this project should be entered into either Contemporary, Period or Fantasy, or Narrative categories. All scripted re-enactments should be entered as either Period, Fantasy or Contemporary (1/2 hour or 1 hour).

Area 7 OUTSTANDING PRODUCTION DESIGN FOR A VARIETY, REALITY OR COMPETITION SERIES
For a variety, reality or competition series

Area 8 OUTSTANDING PRODUCTION DESIGN FOR A VARIETY SPECIAL
For a variety, event or award special

The Costume Design and Supervision PGEc reserves the right to change an entry’s category or disqualify it, should they feel that the entry was submitted in the wrong category and also reserves the right to confirm or deny the eligibility of the entrants based on their contributions. **HAIRSTYLING AWARDS**

Emmy(s) to hairstylist(s)

An individual may enter as either a hairstylist or makeup artist, but not both.

An individual or an identical team may enter multiple achievements in a hairstyling category if the achievements are for different programs. The Peer Group Executive Committee (PGEC) will review all screen credits for entrant’s eligibility on submitted programs.

The same program cannot be submitted to more than one category. No multiple submissions are allowed for the same production and or hairstylist in the same category. The only time a program can submit for more than one category is if there are two separate hairstyling departments that never overlap stylists. Submitters should coordinate so there are not multiple submissions for the same production and/or stylists in the same category.

Definition of hairstyling for Emmy recognition: Hairstyling is any change in the appearance of a performer’s/on-screen talent’s hair by the act of hairstyling, for example, designing, cutting, coloring, and arranging the performer’s/on-screen talent’s hair, as well as the designing, preparation and application of wigs or hairpieces to create a character. It is not changes caused by special lighting, camera lenses, optical effects, or computer imaging. It is not for hairstyling on puppets, dummies, or any device that is not on the performer’s/on-screen talent’s hair or head.

Hairstylists who actually execute the hairstyles and/or design, style and apply wig(s) on a performer/on-screen talent are eligible. An individual who only designs, supervises, or manufactures products, but does not apply, is not eligible.

Eligibility Clarification: Eligible hairstylist(s) entrant(s) must have been the hairstylist most responsible for the overall look of the achievement being recognized and involved with hands on styling, on the performer’s/on-screen talent’s, on the days of production.
Each submission will consist of no more than four entrants, including the Hairstyling Department Head. A Department head hairstylist, showing just cause, may petition the Hairstyling Peer Group Executive Committee (PGEC) and Governor to allow the submission of up to four additional hairstylists they feel have contributed significantly to the achievement for a combined total of up to eight hairstylists.

Entrants: ALL hairstyling submissions required to be signed by the Department Head Hairstylist.

** Eligible titles:** Department Head Hairstylist in every case, Co-Department Head Hairstylist, Assistant Department Head Hairstylist, Key Hairstylist, Additional Hairstylist, Hairstylist or Personal Hairstylist (star request) next to the entrant’s name, Barber (hairstyling license). All entrants must be verified by a Department Head in writing. In the case of a Co-Department Head, only one Department Head may verify.

**Ineligible titles and/or job functions:** Hairstyling Trainee, Hairstyling Intern, Wig Designer, **Hair Designer***, Hair Supervisor, **Background Hairstyling Supervisor**, Hairstyling Assistant, Hairstyling Coordinator, Crowd Hairstyling, Crowd Hairstyling Supervisor.

*NOTE: Eligibility for Hair Designers will be determined on a case-by-case basis. Entant must complete an eligibility statement as part of the entry form.*

Any petitions for additional entrants must be received by the entry deadline. It is the responsibility of the entrant to fill out the petition correctly/fully and provide sufficient details to support their petition. A **minimum of five** call sheets for the submitted episode will need to be provided to verify the petitioner. Appeals may not be accepted to try and qualify after the PGEC has denied a petition. Petitions received after nominations are announced will not be considered.

In all cases, additional entrants will be vetted and verified by the Television Academy and the Hairstylist Governor to establish eligibility. In the case of a question or dispute regarding an individual’s eligibility, the PGEC will decide eligibility. A majority vote of the PGEC will prevail.

The Peer Group Executive Committee (PGEC) reserves the right to change an entry’s category or disqualify it, should they feel that the entry was submitted in the wrong category and also reserves the right to confirm or deny the eligibility of the entrant’s petition based on their contributions. Eligibility may also be denied for any entrant who fails to follow the rules and procedures.

Eligibility is subject to the final and definitive review by the PGEC and concurrent with the Primetime Awards Committee.

Series episode: The length of the episode submitted for individual achievement may exceed, by as much as double, the standard running time of the series episodes. If the episode is in two parts, both parts may be selected if they do not cumulatively exceed twice the standard running time of the series episodes.

All hairstyling submissions must include a technical description of up to 150 words or less, to be reviewed and approved. You will be required to describe the process, techniques, materials, and tools with an emphasis of the techniques employed on no less than 51% of the principal on-screen talents. A disclaimer must be revealed if any portion of a submission does not conform to the category in which it is submitted, and the disclaimer must be clearly disclosed in the first portion of the 150 words or less description.

If the entry contains footage from previously aired material from the current or prior awards years, a description must be attached with the entry noting this.

Additionally, Hairstyling nominees will be sent a form asking if their on-set work was digitally modified in post-production. If yes, the entrants will be required to include the post-production editor’s description of how and to what degree the artists’ on-set work was modified in post-production.
Nomination requirement: A digital upload of a reel not to exceed 7 minutes will be required at the point of nomination (July 12). The edited reel must include the hairstyles that were done by the entrant(s) for the nominated episode/program.

**MAKEUP AWARDS**

Emmy(s) to makeup artist(s)
An individual may enter as either a makeup artist or hairstylist, but not both.
An individual or an identical team may enter multiple achievements in a makeup category if the achievements are for different programs. The Peer Group Executive Committee (PGEC) will review all screen credits for entrant’s eligibility on submitted programs.

The same program cannot be submitted to more than one category. No multiple submissions are allowed for the same production and or makeup artist in the same category. The only time a program can submit for more than one category is if there are two separate makeup departments that never overlap artists. Submitters should coordinate so there are not multiple submissions for the same production and/or artist in the same category.

Definition of Makeup for Emmy recognition: Makeup is any change in the appearance of a face or body of a performer/on-screen talent created by the application of cosmetics, three-dimensional material, facial hair goods, and/or prosthetic appliances applied directly to the performer's/on-screen talent’s face or body using an appropriate adhesive, such as Spirit Gum, acrylic emulsion (Pros-Aide or Beta Bond) and/or silicone-based glues. Static/non-pliable masks, whether adhered to the face or not, do not meet the criteria of this category. Makeup is not changes caused by special lighting, camera lenses, optical effects, or computer imaging. It is not puppets or any device that is not on the performer's face or body.

Eligibility clarification: Eligible makeup artist(s) must have been the makeup artist(s) most responsible for the overall look of the achievement being recognized and involved with hands-on application, on the performers, on the days of production.

Each submission will consist of no more than four entrants, including the Makeup Department Head and/or Prosthetic Designer. A Makeup Department Head and/or Prosthetic Designer showing just cause, may petition the PGEC and Governor to allow the submission of up to four additional makeup artists they feel have contributed significantly to the achievement for a combined total of up to eight artists.

Entrants: ALL submissions, whether entered by artist team members or producers, etc. are required to be signed by the Makeup Department Head and/or Prosthetic Designer.

Ineligible titles and/or job functions: Makeup Artist Trainee, Makeup Intern, Makeup Supervisor, Makeup Designer*, Makeup Assistant, Makeup Artist Coordinator, 1st Makeup, 2nd Makeup, 3rd Makeup, Background Makeup, Crowd Makeup, Lens Technician, Art Finishing Supervisor, Prosthetic Workshop Supervisor, Key Sculptor, Mold Supervisor, Key Silicone Technician, Prosthetic Denture Supervisor, Prosthetic Makeup Coordinator, Prosthetic Makeup Production Manager, Trainee Prosthetics. *NOTE: Eligibility for Makeup Designers will be determined on a case-by-case basis. Entrant must complete an eligibility statement as part of the entry form.

Any petitions for additional entrants must be received by the entry deadline. It is the responsibility of the submitter to fill out the petition correctly/fully and provide sufficient details to support the petition. A minimum of five call sheets for the submitted episode will need to be provided to verify the petitioner. No appeals will be accepted to try and qualify after PGEC has denied a petition. Petitions received after nominations are announced will not be considered.

The Peer Group Executive Committee (PGEC) reserves the right to change an entry’s category or disqualify it, should they feel that the entry was submitted in the wrong category. They also reserve the right to confirm or deny the eligibility of the entrant’s petition based on their contributions. Eligibility may also be denied for any entrant who fails to follow the rules and procedures.

In all cases, additional entrants will be vetted by the Television Academy and the PGEC to establish eligibility. In the case of a question or dispute regarding an individual’s eligibility, the PGEC will decide eligibility. A majority vote of the PGEC will prevail.

Eligibility is subject to the final and definitive review by the Peer Group Executive Committee in concurrence with the Primetime Awards Committee.
Series episodes: The length of the episode submitted for individual achievement may exceed by as much as double the standard running time of the series episodes if they originally aired in one continuous time block with a single main title card and single end credit roll. If the episode is in two parts, both parts may be selected if they do not cumulatively exceed twice the standard running time of the series episodes and both episodes have the same episode title.

If the entry contains footage from previously aired material of the current or prior awards years, a description must be attached with the entry.

All makeup submissions must include a technical description of up to 150 words or less, to be reviewed and approved. Entrants are required to describe the process, techniques, materials, and tools of application on the techniques employed on no less than 51% of the principal on camera talents. Descriptions of makeup, special makeup effects, prosthetics, hair work or other procedures must be relevant to the chosen category. The entry will be recognized for the entire episode and/or movie and not just for a single scene or individual on-screen talent. Upon review of the technical description, the submission may be moved to a different category. This submission needs to represent the correct category for which it has been submitted. Please review each category’s definitions before selecting your category. In the case of a category dispute, category eligibility is subject to the final and definitive review by the PGEC, and a majority vote will prevail.

Additionally, nominees will be sent a form asking if their on-set work was digitally modified in post-production. If yes, the entrants will be required to include the post-production editor’s description of how and to what degree the artist(s) on-set work was modified in post-production.

Nomination Video Requirement: A digital upload of a reel not to exceed 7 minutes will be required at the point of nomination (July 12). The video must be edited to include the makeup that was done by the entrant(s) for the nominated episode/program.

### MUSIC AWARDS

Submissions for all music categories can be made by the individual composers/songwriters or composer/songwriter teams. Producers, networks, studios, public relations or awards representatives are eligible to submit on behalf of the composer, but the composer will be emailed a notice of the submission. The composer will need to sign the notice verifying that they approve (or do not approve) the submission.

Nominations in all the music categories will be determined by online voting.

NOTE: Music Composition for Series and for a Limited or Anthology Series, Movie or Special will have a two-step voting process to determine nominations:

1. The votes of the full music peer group will determine the top fifteen vote-getters for Music Composition for a Series and top 10 vote-getters for Music Composition for a Limited or Anthology Series, Movie or Special.

2. These top vote-getters will be viewed by at-home panels made up of volunteers from the music peer group who will vote to pare down the top fifteen/top ten to the requisite number of nominees. (The total number of nominees will be based on the number of submissions received in each category.)
Multiple entries: An individual or the identical team may enter up to two entries per category if the entries are for different programs.

All entries for category 52 (music composition - series), 53 (music composition – long-form), 54 (music composition – documentary), 56 (music and lyrics) and 57 (main title theme music) must have originated with the credited composer(s) and/or lyricist(s) and must have been created specifically for an eligible program as defined previously in Criteria for Eligibility with no prior usage (including public performance or exploitation), through any other media. No re-edited, re-arranged, re-orchestrated, re-imagined, re-worked, re-recorded works are allowed. Additionally, the use of pre-existing music that has been sampled and incorporated into a new work is not allowed. The submitted work should be wholly original to the program, presented exactly as aired and should contain nothing recognizable from a previous work - melodically, lyrically, and rhythmically.

When there are multiple composers for an entry, the smallest contribution an entrant can make and still be eligible is 20% as shown on the cue sheet.

In all categories, the eligibility recommendation to the Primetime Awards Committee will be at the sole discretion of the Music Peer Group Executive Committee, and an entry may be disqualified at any time during the contest period if that entry is found to be ineligible, substantially unoriginal, or in categories 52, 53 and 54, there is deemed to be less than a substantial body of music in the form of dramatic score.

All entries for category 58 (music supervision) are for the television craftsperson who creatively contributes to the story, character development and overall narrative of a program by engaging in song selection, guiding original song creation and production, overseeing on-camera music performances, participating in the creative aspects of music spotting and contributing to the creation of a unique music aesthetic.

PERFORMER AWARDS

ENTRY INFORMATION: It is the decision of the entrant whether to enter as a lead, supporting or guest performer, however, only performers appearing in less than 50% of the eligible episodes can submit in the Guest Performer categories and only performers appearing in 50% or more of the eligible episodes for short form programs can submit in the Short Form Performer categories.

All performers must enter categories that follow the categorization of their shows, e.g., if a show is entered as a comedy series, all performers must enter comedy series categories. Following up on the above example, this placement rule would hold true even if the episode being entered is a "dramatic" rather than a "comedic" episode.

A performer who plays the same character in more than one series may only enter for one series in the current eligibility year.

A performer may enter multiple achievements in a performing category if the achievements are for different programs (provided the performer is playing a different character).

PHOTO REQUEST: By the entry deadline (May 12), all performers and hosts must upload a headshot for the ballot.

The photo you upload will appear on the ballot "as is" and cannot be changed after the entry deadline. If nominated, this photo will also be used for the Academy’s website, the Emmy Awards program book, usage for all media and promotion of the show and entrant in perpetuity, the Emmy Award ceremonies and for lead performers only, the televised nomination announcements. The photography will be used in high definition and projected very large for the nomination announcements and award ceremonies so make sure you select the correct photo and that it meets the requirements. If a suitable photo is not submitted, we may source an alternative image.

PHOTO REQUIREMENTS: Emmys.com/photo-specs

Juried 93 EXCEPTIONAL MERIT IN DOCUMENTARY FILMMAKING
This award is not meant to duplicate the recognition given documentary/nonfiction programming in the other categories and areas of the competition; rather, its purpose is to both honor and encourage exceptional achievement in one or more of the traditional components of the filmmakers’ art:

1. Profound social impact
2. Significant innovation of form
3. Remarkable mastery of filmmaking technique

Judging criteria: filmmaker’s expressed vision, compelling power of storytelling, artistry or innovation of craft, and the capacity to inform, transport, impact, enlighten, and create a moving and indelible work that elevates the art of documentary filmmaking.
Entry procedures: All applicants for candidacy in this juried award will be required to submit a written statement that expresses the program’s qualifications as a Documentary Film with Exceptional Merit.

Both feature-length programs and shorts may be eligible, dependent upon acceptance as a candidate. Acceptance as a candidate by the jury makes the program ineligible to compete in any other documentary/nonfiction special or series program area. (Programs not accepted for candidacy will be notified prior to the online posting of ballots in early June and may opt to enter in a documentary/nonfiction category or area.) Series are not allowed to submit to the Exceptional Merit award unless the docuseries is a single program in terms of its story even if it was presented as several broadcasts. A docuseries that requests entry into the Exceptional Merit award must be done by petition, with information that verifies it is a single program but was presented across multiple broadcast dates. Episodes of a series accepted as a candidate may not compete as part of its originating series and will not be designated as a series episode. Programs must have aired during the eligibility year (June 1, 2021 – May 31, 2022).

This award is for filmmakers who were directly involved with the making of the film under consideration. Emmys to a maximum of seven credited producers.

The submitter must submit an affidavit that outlines the roles of the Executive Producers who are credited in the film and directly involved, including an estimate of the percentage of work done in pre-production, production, and postproduction.

Funders, financiers, celebrities, or names are not Emmy eligible unless they are shown, on affidavit, for having contributed as filmmakers during the production of the documentary and received an eligible onscreen producing credit.

Entrant eligibility will be established at the time a program is accepted as a candidate.

**SPECIAL VISUAL EFFECTS AWARDS**

The Special Visual Effects Emmys are awarded to recognize outstanding achievement and innovation in the art of both digital Visual Effects and mechanical Special Effects.

**Category 106 OUTSTANDING SPECIAL VISUAL EFFECTS IN A SEASON OR A MOVIE**
This award is to honor the overall achievement of the special visual effects within a comedy, drama, limited or anthology series or television movie. In the instance of comedy, drama or limited or anthology series, entries may include work spanning any or all episodes within the season submitted.

A television movie (as defined below) is eligible for this category only, it cannot be submitted in Area 107.

Submission in this category precludes any submission in Area 107.

**Area 107 OUTSTANDING SPECIAL VISUAL EFFECTS IN A SINGLE EPISODE**
This award is for the overall achievement of the special visual effects in a single episode within a comedy, drama or limited or anthology series. All work submitted in this category must have appeared in a single, continuous episode.

The intention is to honor the work presented in one standout episode of a series which otherwise does not present such work. The entrants will be required to submit a statement that demonstrates that the majority or otherwise exceptionally different special visual effects work in the season resides in the submitted episode. After reviewing the video submission and written document, the Peer Group Executive Committee reserves the right to move the entry into Category 106 if the entry does not meet the stated criteria.

A television movie may NOT be entered into this area.

**Entry requirement:** Entry in Area 107 requires a written statement demonstrating that the majority or otherwise exceptionally different special visual effects work in the season resides in the submitted episode.
Submission in this category precludes any submission in category 106.

RULES AND PROCEDURES FOR ALL SPECIAL VISUAL EFFECTS CATEGORIES:
Programs may be submitted in either category but not in both. Fully animated programs and main title sequences are not eligible in either of these categories.

A television movie is defined as an original program, which tells a story with beginning, middle and end, and is broadcast in one part with a minimum running time of 75 minutes.

Emmy statuettes are awarded to the principal contributors directly involved with and primarily responsible for the visual effects achievement. Up to nine individuals may be included in the entry.

The following rules and guidelines apply:

- Series may submit up to two episodes in category 10, if each of the nine named entrants for each episode are completely different.
- Entrants must be in job categories which are eligible for membership in the Special Visual Effects peer group. Directors of photography, editors, show producers, writers, directors, etc. are not eligible. **Note: VFX Editors are now eligible**
- Entries should include representatives of the hands-on artists, special effects technicians, and support staff that executed the work in addition to the supervisors who managed them. Entries, which do not include the principal contributors or hands-on artists, may be asked to justify this exclusion in writing.
- Entrants should be people who were primarily responsible for the work. Facility management and salespeople, who were not working full time on the production of the program, are not eligible for inclusion simply by virtue of being owners and management of special visual effects vendors.
- No exceptions to the cap of nine individuals per entry.
- Each entry must include a written document outlining each entrant's contribution to the final product on-screen.
- The Primetime Awards Committee, in consultation with the Special Visual Effects Peer Group Executive Committee (PGEC), reserves the right to confirm or deny the eligibility of the entrants based on their contributions.

For series, two-hour pilots or special extended length episodes may be submitted as a single episode in Area 107 if they originally aired in one continuous time block with a single main title card and a single end credit roll. A two-parter, each part with its own main title and end credits, cannot be entered as a single, extended-length episode; rather, each part is considered a stand-alone episode.

As part of the entry vetting process, the Special Visual Effects Peer Group Executive Committee may disqualify any entry from competition which clearly does not represent state-of-the-art effects in the special visual effects field and does not exhibit the level of excellence expected in Emmy nominees in these categories. An entry may be removed by a majority vote of PGEC members present at the vetting session.

VIDEO SUBMISSION INSTRUCTIONS:

TECHNICAL DIRECTION,
CAMERAWORK, VIDEO CONTROL AWARDS

Emmy(s) to technical directors, electronic camera operators, video control operators

Eligible entries must be multiple electronic camera achievements utilizing any electronic camera format. Entries must include electronic camera operators but may not necessarily include a technical director and/or senior video control if these functions were not represented in the production of the entry.

Any member of the technical team may submit an entry, but the entrant must submit the complete team.

Any multiple electronic camera program entering the competition that has a director of photography, cinematographer, lighting director, or lighting designer in the credits, and meeting the previously stated requirements, is eligible.

In cases where cameras (e.g., Descender Cam, JITA Cam, Spider Cam and Drones) are designed to be operated by more than one individual, more than one operator will have Emmy eligibility.

Eligibility for camera operators:

- Entrants shooting both live studio and live remote segments are eligible
- Team entrants who shot "performance based" rolled-in, pre-recorded packages done exclusively for the submitted series episode or special and not previously aired may be eligible if they constitute a substantial contribution to the entry and do not exceed the category cap
- Entrants must have been "credited" as a Camera Operator (or "Technical Specialty" Camera Operator) in the production
- Entrants must have taken direct and specific direction from the Director of the production
- Entrants must have made significant and substantive contributions integral to the production
- Only "manned" cameras are eligible for nomination consideration. Unmanned cameras such as Go Pros, iPhones or other "stick-up" type cameras are ineligible
- Grips, dolly pushers or arm men are not eligible

A review panel of the Lighting, Camera, and Technical Arts Peer Group Executive Committee shall review all entries and petitions to determine eligibility.

Variety programs are comprised of discrete scenes, musical numbers, comedy stand-ups, sketches, audience or guest participation, and awards/honors, including studio-based shows.

ALSO NOTE THE RULES FOR CINEMATOGRAPHY AWARDS.
Area 111 OUTSTANDING TECHNICAL DIRECTION, CAMERAWORK, VIDEO CONTROL FOR A SERIES
For a single episode of a comedy, drama, variety or reality series

Entries are limited to a maximum of 11 entrants.

Entries in this category will be recognized in two genres: Half-hour shows, and one-hour (or more) shows. The number of nominees will be proportional to the number of submissions in each genre, with at least one nomination for each, provided there is a minimum of three entries for a given genre.

Area 112 OUTSTANDING TECHNICAL DIRECTION, CAMERAWORK, VIDEO CONTROL FOR A SPECIAL
For a special

Entries are limited to a maximum of 20 entrants.

An awards area is non-competitive. In the final judging round each nomination is considered on its own terms without regard to the other nominations in the area. Any nomination with at least 90% approval receives an Emmy. If none of the nominations receives 90% approval, the nomination with the highest approval receives the Emmy.

Nominations in Area 111 and Area 112 will be determined by a two-step process:

All submissions will be voted for online exclusively by members of Lighting, Camera and Technical Arts peer group during the nomination round of voting to determine the top 10 vote getters in each category.

The top ten vote-getters in each category will be viewed by at-home panels made up of volunteers from the Lighting, Camera and Technical Arts peer group who will vote to pare down the top ten vote-getters to the requisite number of nominees. The total number of nominees will be based on the number of submissions received in each category.

VIDEO REQUIREMENT: All submissions will be required to upload a video file at time of entry. These video clip(s) of a “continuous segment” will be accessible to only the Review Panel:

- Programs 30 minutes or less must submit (1) 6-minute continuous clip
- Programs 30-60 minutes must submit (1 or 2) continuous clips totaling 12 minutes
- Programs 60 minutes or more must submit (1, 2 or 3) continuous clips totaling 20 minutes

Be sure your video conforms to these parameters:
Video: 1920x1080 progressive
Codec: H.264
Bit Rate: 6-8 MB
Audio: AAC, stereo, 192-320kbps, 44-48 kHz
The file must be under 10GB
MP4 format is preferred
No slates, timecodes, bars & tones

Each video must be individually uploaded. Do not upload a folder that contains multiple videos. Most importantly - QC your work and your file. File name must include show name.
**WRITING AWARDS**

Emmy(s) to writer(s) whose on-screen credit is writer, written by, teleplay by or story by

An individual or the same team may enter multiple achievements in a writing category if the achievements are for different programs. Percentage rules still apply (see below), however, those submitting for a comedy or drama series category may choose to put their credit percentages toward one entry, per series, per category.

Entry rules pertaining to team size restrictions are applicable in comedy and drama series. Entrants must have, either by themselves or in conjunction with other story or teleplay writers, at least 50% credit-share of the entered program.

**Some possible combinations:**

Sole writing credit = 100% for sole writer;
2-person shared writing credit = 100%/2 = 50% for each writer;
Teleplay credit for 1 writer and story credit for 1 writer = 60% for teleplay writer and 40% for story writer;
2-person shared writing credit for a teleplay and 2-person shared story credit = 60%/2 = 30% for each teleplay writer and 40%/2 = 20% for each story writer.

Entrants can put their credit percentages toward only one entry, per series, per category.

**ANIMATION WRITERS IN CATEGORY 2:** Eligible, credited animation writers who opt out of the program's team entry and/or are not one of the credited writers on the program's submitted episode, may elect to enter in this category. A writer may not have dual eligibility in both animation and writing categories for the same episode or special. However, a writer who is eligible in the program category may enter a different episode from the same series in a writing category without having to opt out of the program category. Writing teams must remain a team and may not split their entry. See the Rules Book under Animation Awards for more complete information.

**SCRIPTS REQUIRED AT THE POINT OF NOMINATION (July 12):** For writing categories 113 (comedy series), 114 (drama series) and 115 (limited or anthology series/movies), the writer’s choice of the best version (not necessarily the final version) of the script (PDF) will be needed by July 21 if the achievement is announced as a nominee on July 12. The PDF will be made available to the voters. Specific information will be sent at the point of nomination.

ADDITIONAL JURIED AWARDS:

THE GOVERNORS AWARD

Entries are made by the Board of Governors, the Governors Awards nominating committee or individuals, who may suggest recipients in a letter to the Television Academy Chairperson.

The Board of Governors may, when warranted, recognize an individual, company, or organization that has made a profound, transformational, and long-lasting contribution to the arts and/or science of television by presenting them with the Governors Award. Recommendations must be submitted by May 12.

SYD CASSYD FOUNDERS AWARD

The Syd Cassyd Founders award was established to honor not only Mr. Cassyd as founder of the Academy of Television Arts & Sciences, but also the award is intended to honor those Television Academy members who have made a significant positive impact on the Television Academy through their efforts and service over many years of involvement.

Members of the Executive Committee nominate and choose the recipient, with final approval from the Board. The Executive Committee’s decision must be unanimous. If no candidate gets unanimous approval, there is no award that year. The Television Academy Chairperson of the board is not eligible for the award while in office.
OUTSTANDING ACHIEVEMENT IN ENGINEERING DEVELOPMENT

The Engineering Awards Committee considers all submissions and Emmys are awarded to an individual, a company, or an organization for developments in engineering that are either so extensive an improvement on existing methods or so innovative in nature that they materially affect the production, recording, transmission or reception of television. Possibility of one, more than one, or no award.

Engineering awards may also include the Charles F. Jenkins Lifetime Technical Achievement Award and the Philo T. Farnsworth Corporate Achievement Award.

Entry form is available at emmys.com/downloads.

THE TELEVISION ACADEMY HONORS

The Television Academy created The Television Academy Honors to recognize “Television with a Conscience,” achievements in programming that explore issues of concern to our society in a compelling, emotional and insightful way. Programming and programmers who enlighten and educate, create awareness and motivate positive change on important social and health issues will be honored.

The Television Academy Honors is separate and distinct from Emmy’s recognition of television excellence. Information can be found at emmys.com/honors.

BOB HOPE HUMANITARIAN AWARD

The Bob Hope Humanitarian award was established to honor a member of the telecommunications industry whose philanthropic efforts exemplify Bob Hope's own decades-long altruism and positive impact on society. The award is given by the Television Academy and the Bob and Dolores Hope Charitable Foundation.

APPENDIX I

PROGRAM AWARD PRODUCER ELIGIBILITY GUIDELINES

(Excludes Documentary or Nonfiction Programming)

A priority of the Television Academy is preserving the value of the Emmy Award and ensuring that those who are most deserving and actively involved are the ones honored with nomination.

Toward that end, the Television Academy has implemented a process by which eligibility is established and determines the factors of credit and function. The Television Academy's goal is to be as inclusive as possible, while maintaining the diligence that is necessary to preserve the integrity of the Emmy Award.

ELIGIBILITY

Producer eligibility is determined by a combination of credit and function:

1. **Credit** – The individual must receive an on-screen credit of: Executive Producer, Co-Executive Producer, Supervising Producer, Producer or Produced By and, in the case of a series, receive that credit on at least 50% of the episodes aired in the current eligibility year.

2. **Function** – To be eligible, a producer must have substantial or final control over creative and financial aspects of the production such as: creating, selling, casting, staffing, pre-production, production and post-production. On a series, the individual must perform these producing functions on at least 50% of the episodes aired in the current eligibility year.

3. **Consulting Producers (Comedy and Drama Series categories)** – In exceptional cases, producers credited with a "Consulting Producer" title on a majority of the episodes of a
Comedy or Drama Series originally produced during the eligibility period may be deemed eligible for awards consideration if they function at a senior level of producers on a full-time basis but, due to internal production practices, received a credit of "Consulting Producer."

To ensure a comprehensive and objective review of the "Consulting Producer" credit exception request, the Television Academy will seek eligibility recommendations from the Producers Guild of America (PGA). The Guild requires that all producers credited with eligible titles submit an "Eligibility Form," which confirms their voluntary participation in the determination process. Because the Emmy is granted only by the Television Academy, final eligibility determinations remain at the sole discretion of the Television Academy.

The following individuals are not eligible regardless of screen credit:

- Corporate Executives (i.e., studio executives, network executives, etc.)
- Professional Representatives (unless they qualify under Function #2 above)
- Concert promoters
- Producers from a medium other than television who have packaged and handed off key components of their production

4. **Producing Team Size Caps** – The maximum size of the eligible show producing team is based on the average team size of eligible producers in the category over a prior five-year period. Vetted producers are then sequenced by function. Any exception to these limits would be based on the determination that all the members of the proposed team meet the highest level of the function criteria.

ENTRY PROCEDURES

1. **Entry Deadline:** Entries will be accepted online until **6:00 PM (PT) on May 12, 2022.** All entries (including all submission materials), whether the program has already aired or will air/post by May 31, MUST be entered by **May 12 (see hanging episode rule 14c and 14d).**

2. In most categories, entries may be modified by the entrant (by contacting the awards staff) until 5:00 PM on May 31, 2022. An example of a modification would be the replacement of the episode submitted for judging with another eligible episode.

3. Programs and individual achievements **unexpectedly scheduled for airing** after the entry deadline has passed SHOULD contact emmyawards@televisionacademy.com.

4. Programs and individual achievements **in preparation but not completed** by the time of the entry deadline (May 12) must still be entered by **May 12.** If upon viewing the completed program the entrant decides not to submit, the entry can be withdrawn.

5. Producers may enter their programs for nominations in all categories. Individuals may enter themselves (and their team if the entry is for a team achievement) for specific individual awards.

6. In most categories/areas an eligible individual or the identical team may enter multiple achievements per category or area if the achievements are for different programs. Categories excluded from this rule are directing in comedy and drama series, directing for movies/limited or anthology series, directing for variety series and specials and technical direction for series and specials. In the case where a producer makes an entry for an eligible individual or team, it is the producer's responsibility to inform them that the entry has been made on their behalf.

7. It is a general principle of this competition that a single achievement is limited to a single bid for an Emmy, i.e., every entrant is eligible to place their achievement in only one appropriate category. Final approval of category placement is determined by the Primetime Emmy Awards Committee.

8. In the case of entries that include multiple entrants, the person making the entry must submit all eligible entrants, not just themselves or a partial list of entrants. **Only those individuals with an eligible credit and who have made a significant and substantive contribution to the achievement entered are eligible.** When there is an eligible entrant who does not wish to participate in the competition, documentation must be received from the individual not entering, stating that they are aware of the entry and do not wish to be included.

9. It is often the case that an agent, manager, studio, production company or broadcast entity will facilitate the entry by submitting the form, but the individual who is listed as the "entrant" is considered by the Television Academy to be the person who has made the entry.

10a. Eligibility is based on screen credit. Producers may not alter an individual’s screen credit in order to qualify the individual for Emmy eligibility. Entries not supported by final and definitive credits (as determined by the Awards Committee in conjunction with the relevant peer group executive committee) are ineligible.

10b. An eligible entrant may use their legal name or a pseudonym, but whatever name is used must appear in the credits or verified by the production.

11. Next of kin may make an entry on behalf of a deceased relative.

12. Correct entry information is the responsibility of the entrant/submitter. The Television Academy is not liable for incorrect ballot listings that are the result of incorrect information on the entry forms.
13. If an entry is made in the wrong category and the error is not discovered until the posting of the nomination ballots, it will be disqualified. If the Television Academy makes an error that leads to an incorrect categorization on the nomination ballot, a correction will be issued.

14. Ineligible entries will be disqualified at any stage of the competition.

15. For categories that allow petitions, the petition must be authored by the entrant who is petitioning for eligibility. A single petition can be submitted per individual and appeals may not be accepted if a PGEC has denied a petition.

### ENTRY FEES

Entry fees are based on the number of individuals submitted.

1. Individual achievement entries have a processing charge of $100 per submission. In addition to the $100 processing charge, each entrant is charged a $100 entry fee per individual listed on the entry, e.g., for an individual achievement entry (commercials, costume design, editing, sound editing, etc.) with two entrants, the processing fee is $100 + $200 entry fee (for a total of $300 for the entry).

2. Program entries have a processing charge of $200 per submission. In addition to the $200 processing charge, each entrant included with the submission is charged a $100 entry fee, e.g., the entry fee for a program entry (comedy series, limited or anthology series, documentary, etc.) that has four producers, the processing fee is $200 + $400 entry fee (for a total of $600 for the entry).

Television Academy National Active and Associate members will continue to receive an entry fee discount on up to two entries.

Entry fees must be paid online by credit card by May 31, 2022. Entry fees, including the processing fee, will not be refunded for incorrect submissions.

### MEMBER FEES

1a. Television Academy National Active and Associate members receive an entry fee discount on up to two entries. This benefit means that for an entry where the member is the sole entrant, the $100 processing fee and the $100 entry fee is waived. For an entry with multiple entrants, the member's portion of the processing fee is waived in addition to the member's $100 entry fee. Additional entries will require the full entry fee. (Each member submitting an entry will need to enter their member number on the entrant page of the online form to receive their entry fee discount.) Member numbers are non-transferable.

1b. In the case of an entry with multiple individuals, be it for an individual achievement or program entry, each individual may enter their membership number to cover their portion of the entry fee. The member number can be found on the front of your membership card. If you do not have your membership card, log into your account at televisionacademy.com/members.

2. Non-members pay their portion of the processing fee based on the number of individuals submitted and their $100 entry fee. If a non-member entrant joins the Television Academy prior to March 31 (application submitted and paid), their portion of the processing fee and their entry fee will be waived if their member number is added to their entry by May 12, and prior to payment being made.

3. National Academy of Television Arts & Sciences memberships are not valid as entry fee waivers.
Criteria relating to the eligibility of individual achievements:

- Eligibility will be considered on a case-by-case basis.
- Individual achievements originated for or derived/adapted from a medium other than television (e.g., the costumes for a Metropolitan Opera production subsequently taped for broadcast) are ineligible.
- Individual achievements originated for television or simultaneously originated for both television and another medium (e.g., costumes for a joint production of a program designed to be presented live on stage and live/recorded on television) are eligible.

1. Programs (and individual achievements within them) are eligible for nomination if they were originally aired (6:00 PM - 2:00 AM) or content that identifies as Primetime programming by virtue of genre, during the current eligibility year (i) by broadcast to at least 50% of the total potential United States television market, (ii) by pay/basic cable transmissions (including by way of example so-called basic cable, pay cable, pay television and interactive cable), or (iii) by broadband to markets representing at least 50% or more of U.S. households, or (iv) Interactive Media entries that were widely and openly available on a public website. Entries that were available only in a limited number of physical locations, through closed or “invitation only” websites, or exhibited solely at conferences, shows, events or festivals, are not eligible.

2. To be eligible, a program must have its "premiere" airing during the eligibility period. This "premiere" must be the first airing and promoted and reviewed as such. Preview screenings, which are aired late-night or posted on the internet and are not promoted or reviewed as such, will not qualify as an eligible "premiere."

3a. Where there is a program that is eligible for placement in more than one category, the producer has discretion (excluding nonfiction/reality programs) with the final approval of the Industry Review Panel to enter the program and its individual achievements in any category where they are eligible. The placement of a program automatically directs the placement of all individual achievement entries, e.g., if a program is placed in comedy series, performers must follow in comedy series categories (or, where there is no such direct correspondence, the most appropriate category, unless otherwise noted).

3b. A program that has entered in one category one year may appeal to move it to another category in any subsequent year, with the approval of the Academy’s Industry Panel.

4. Game shows initially broadcast in primetime during the hours of 8:00 PM and 2:00 AM Eastern Time and the corresponding primetime period in other time zones are to be judged and presented as a part of the Primetime Emmy Awards competition and ceremony. Game shows broadcast prior to 8:00 PM are eligible in the Daytime Emmy Awards.

5. Extended-length episodes of series may only be entered in the series area and may not be entered as movies, limited or anthology series or specials.

6. Entertainment News Programs airing nationally between the hours of 6:00 PM and 8:00 PM may choose to compete in the Daytime Emmy Awards.

7. Children’s Programming (for ages 2 – 16) previously eligible in the Primetime Emmys are now only eligible in the Children’s & Family Emmy competition.

8. Foreign television production is ineligible unless it is the result of a co-production (both financially and creatively) between U.S. and foreign partners, which precedes the start of production, and with a purpose to be shown on U.S. television. Any production produced in the U.S. in a language other than English, is eligible in the Primetime Emmys. For productions produced outside the U.S. as a co-production between U.S. and foreign partners, in a language that is substantially (i.e., 50% or more) in a language other
than English, shall have the discretion to enter the production and its individual achievements in any category where they are eligible in the Primetime Emmy Awards competition or in the awards competition of the International Academy of Television Arts & Sciences ("International Academy"), but not both.

9. A program that had eligibility in a prior awards year or another Emmy competition or is a foreign acquisition without benefit of a domestic co-production cannot be re-introduced into eligibility in the current awards year, even though it may have been modified with new footage, soundtrack, musical score, etc.

10a. Television programs that are offered for "general theatrical release" occurring prior to their airing or Internet exhibition are not eligible. A "limited theatrical release" prior to the airing or Internet exhibition of the television program cannot exceed an aggregate of up to seventy (70) days prior exhibitions (i.e., 7 theaters for 10 days). A program with a prior theatrical release loses eligibility if it does not air within a year of its initial public exhibition, regardless of if this is or is not a general release. Film festival screenings do not count as theatrical screenings. Showing a foreign television program that otherwise qualifies as an eligible foreign co-production under the Rules shall not be disqualified because of a prior limited theatrical release.

10b. Any film placed on the AMPAS viewing platform will be deemed a theatrical motion picture and thus ineligible for the Emmy competition.

10c. Any program that has been nominated for an Oscar® is no longer eligible to enter the Primetime Emmy Awards competition.

10d. Single-day mass releases, e.g., more than 70 theaters on one date, disqualify a program for subsequent Emmy eligibility, unless it meets the requirements for Exceptional Merit in Documentary Filmmaking.

11. Telethons aired for the purpose of raising money for political parties are ineligible.

12. No program (along with its individual achievements) previously entered in any other national Emmy competition (Daytime, Children's & Family, News and Documentary, Sports or International) is eligible for the Primetime competition. No Emmy broadcast (including its individual achievements) of any kind is eligible to enter the Primetime Emmys.

13. Programs first broadcast during primetime hours, which are an extension or a special of a daytime or children's series, are eligible in the Daytime or Children's & Family Emmy competition, but not eligible in Primetime.

14a. An ongoing series or intended series (excluding documentary/nonfiction) that is cancelled or discontinued and/or five or less episodes first aired in the current eligibility year, the series is ineligible for program category entry. However, individual achievement eligibility for "orphaned" episodes of a series that has previously qualified for series program eligibility may be eligible so long as the entry complies with the specific eligibility rules for the category. Series body-of-work individual achievement entries are not eligible. These categories include lead and supporting performers, writing for a variety series, casting, stunt coordination and, where the body-of-work entry option is chosen, picture editing and cinematography for a reality programming, and special visual effects for a season.

14b. Shortened seasons for series: Once a show is established as a series, if additional shortened seasons are added (fewer than six episodes), it would still be considered a series, unless it was limited to one or two episodes (which would categorize it as a movie and a limited or anthology series respectively).

14c. Hanging episodes for series eligibility: If an ongoing series has enough episodes that have been nationally broadcast in the current eligibility year to qualify as a series and has hanging episodes or episodes deemed ineligible because their airdate falls after the end of the eligibility year (May 31, 2022), those episodes must be posted on an accessible platform by May 31 in order to gain eligibility for the current eligibility year and must meet all of the
following criteria:

- Episodes must be posted within the current eligibility year (by May 31)
- Episodes may be posted on a private online platform accessible only to Television Academy membership
- Episodes must be the same in form and content as when they later appear in their regular time slots
- The subsequent airing of the episodes must take place prior to the start of nominations-round voting (June 16)

14d. Hanging episodes/parts eligibility for limited or anthology series: To qualify for eligibility in the current eligibility year, the limited or anthology series must premiere on a national platform. If the limited or anthology series has one or more episodes/parts that fall into the subsequent eligibility year, and those episodes/parts are not able to be posted on a platform available to Television Academy members by May 31, then the complete limited or anthology series, along with the individual achievements, will be eligible in the subsequent eligibility year. Any limited or anthology series episodes, including the finale, posted on a platform available to Television Academy members to meet the May 31 eligibility requirement must air nationally prior to the start of nominations-round voting (June 16).

15. Clip shows, year-enders, best-ofs and anniversary specials must be entered as specials. Previously aired material from the past two eligibility years is limited to no more than 35% of the program’s total running time to be eligible. (Inclusion of material originally aired prior to June 1, 2020, is considered “historic” and does not negatively affect eligibility.)

16. A "special" episode of a primetime series can petition the Primetime Awards Committee to be entered as a stand-alone special in a non-series category or area, but only if it was not part of the regular series order from the network and involves a significant and substantive format change throughout. The main title must be different from the series, and the program must be promoted as a special.

17. Programs that have reached a cumulative audience of at least 50% of the total potential U.S. television audience during the eligibility period, but not 50% exclusively in daytime or primetime, would enter either the Children’s & Family, Daytime or Primetime competition, based on the genre.

18. If a program is comprised of more than one segment, an individual entrant must enter his or her segment only.

19. Where there is a minimum percentage for an achievement to gain eligibility, and that minimum is not met, the achievement is ineligible to enter elsewhere in the competition.

20. Short form programs and individual achievements are only eligible in existing short form categories or individual achievement categories that do not specify either a genre or program length.

21. Self-Published Programming: Any program that is self-published (programming without financial or creative involvement from a network or studio) will be vetted to determine if the program is suitably competitive to be included on the nominating ballot. No individual achievement within a self-published program may be entered if the program is not approved for the ballot.

22. Program lengths for Series:

- Short Form series episodes have an average episode running time of two minutes to 20 minutes
- Half-hour series episodes have an episode running time of more than 20 minutes and up to 40 minutes
- Hour-long series have an episode running time of more than 40 minutes and up to 75 minutes
23. The Interactive Program category and the juried award for Innovation in Interactive Programming have been eliminated for the 2021 – 2022 competition. Entries that would normally submit in Outstanding Interactive Program can submit in a program category where they are eligible.

### NOMINATION VOTING PROCEDURES

1. Ballots will be posted on June 16. The deadline to vote is 10:00 PM (PT) on June 27.

2. All national active members are entitled to vote for outstanding program nominations. This rule does not include animated programs or documentary/nonfiction program categories (only selected peer groups will have access to the nominating ballot for animated programming and only the Documentary peer group members will have access to the Documentary/Nonfiction Specials and Series ballots).

3. Peer groups have access to the ballots pertinent to their membership (see Appendix for breakdown).

4. HYYPHENATE BALLOTS: Ballots outside of their peer groups may be requested by members whose credits would allow them voting privileges in those peer groups, e.g., a producer member who also has the requisite writing credits may additionally request a writing ballot. The deadline for applying for additional ballots is April 7. Current members will be notified in March. If you do not receive the notification, e-mail the membership department at membership@televisionacademy.com. Members must reapply every four years to receive hyphenate ballot(s).

5. Quid pro quo and block voting are considered by the Academy to be in violation of the spirit and substance of the member code of conduct clause that deems any action or activity which could reasonably be construed as contrary or detrimental to the best interests of the Academy to be a violation of the code. Emmy voting is meant to reflect an individual voter’s opinion rather than an ad-hoc group’s mandate.

   Per Paragraph 14 of the rules book chapter on ENTRY PROCEDURES, ineligible entries will be disqualified at any stage of the competition. The intent of quid pro quo and block voting is to illegitimately advance an entry to a nomination or a nomination to a win. Although the entry, nomination or win may or may not be deemed ineligible, members found to be engaged or otherwise complicit in quid pro quo and block voting shall have any votes cast invalidated and be disqualified from subsequent voting in the Emmy competition.

### NOMINATION PROCEDURES

1. Nominations will be based on the number of submissions received in each category:
   - 20 – 80 submissions = 5 nominations
   - 81 – 160 submissions = 6 nominations
   - 161 – 240 submissions = 7 nominations
   - > 240 submissions = 8 nominations

The following exceptions will apply:
- Comedy Series and Drama Series will have eight nominations
- Actor and Actress categories for the same genre/category designation, i.e., supporting actor comedy and supporting actress comedy, will have parity in the number of nominations (except in categories with fewer than 20 submissions).

- Categories with fewer than 20 submissions
  - 0 – 7 submissions = submissions will be screened by the appropriate peer group for nomination; any entry that receives nine-tenths approval will receive a nomination
  - 8 – 11 submissions = 2 nominations
EMMY RULES AND PROCEDURES

- 12 – 15 submissions = 3 nominations
- 16 – 19 submissions = 4 nominations

2. In the case of ties, the closest number to the targeted number of nominations will prevail, unless there are fewer than three or more than seven nominations, in which case the Primetime Awards Committee will determine the number of nominations.

3. Ties that include the possibility of the total number of nominations being 1 number from the target number of nominations break in favor of the higher possibility, e.g., 4 or 6 breaks to 6.

4. Ties that include the possibility of the total number of nominations being 2 numbers from the target number of nominations break in favor of the lower possibility, e.g., 3 or 7 breaks to 3.

5. Ties that include the possibility of the total number of nominations being 3 numbers from the target number of nominations are resolved by the Awards Committee, e.g., 2 or 8 does not automatically break and must go to the Awards Committee for a final decision.

6. In some categories, there are distinct types of programs (“Tracks”) vying for the requisite nomination slots in a system where the number of nominations is meted out proportionately to the number of entries, if there is a minimum of three entries for a given track. There is the possibility of ties within a given track.

7. Nominated achievements may be withdrawn from nomination by a sole nominee or all nominated members of a team. Individual nominees on a team may withdraw themselves, but the nomination will stand if at least one team member remains.

8. Nominees will be announced live on July 12, 2022.

9. Errors and Omissions: Except for cases where the omission of a name is a Television Academy error, there will be a flat fee of $250 for an individual added between July 12 and July 26. The final date for errors and omissions (including the names of eligible individuals not on the list exchanged for nominated names on the list) will be July 26, 2022.

10. Each nominee agrees that any film, tape recording, screenshot, photography or supplemental printed material that is furnished to the Television Academy by or on behalf of the nominee in connection with an entry may be retained by the Television Academy for file, reference and archival purposes and may be viewed partially or in its entirety for judging purposes. All of or portions (i.e. “clips”) from any such film, tape recording, screenshot, photography or supplemental printed material may be used on or in connection with the presentation and/or broadcast and/or other exhibition and/or promotion of any Emmy Awards Ceremony, including but not limited to any internet exhibition of such films, tape recordings, screenshots or clips from the same and/or supplemental printed material and use in connection with promotional announcements or other promotional activities for any of the foregoing; use of such films, tape recordings, screenshots or clips from the same and/or photography or supplemental printed material may involve use of other parties’ name, voice and likeness rights, and such rights shall be subject to clearance by or with the assistance of nominee, as Television Academy may direct, and the nominee indemnifies the Television Academy against any claim of unauthorized or unlicensed use of any material.

11. Nominee tickets: Nominees who are members of the Television Academy will receive two complimentary tickets to the appropriate awards presentation and dinner. Creative Arts non-member nominees may purchase one guest ticket to the presentation and ball for $375, Telecast non-member nominees may purchase one guest ticket to the presentation and ball for $750, or non-member nominees may choose to join the Television Academy (membership fee $250, which includes a $50 non-refundable application fee) and receive one guest ticket at no extra charge.
FINAL-ROUND EMMY JUDGING

1. Final-round voting will take place August 18 – August 29.

2. Only National Active Television Academy members who were eligible to vote in the nomination round are eligible to vote in the final-round.

3. Nominees are not eligible to vote in a category in which they are nominated in the final round of voting.

4. National Active members from all peer groups are eligible to vote on the program categories (except animated and documentary program categories).

5. Judging of individual achievement categories is restricted to peer judging (e.g., only writer members may judge writing categories, only director members may judge directing categories, etc.) unless otherwise indicated.

6. Peer groups determine the judging systems for their peer group. Emmy judging can be a yes/no vote (yes, the nomination is worthy of an Emmy or no, the nomination is not worthy of an Emmy) or a single vote for the top selection.

7. Nominated Drama and Comedy series programs, including Short Form Comedy, Drama or Variety Series are required to submit any six eligible episodes for final-round judging. The episodes must be the usual running time of the series episodes. Extended-length episodes will count as two episodes.

NOTE: The minimum number of episodes that need to be broadcast during the eligibility year to qualify for all series (excluding Documentary or Nonfiction Series and Hosted Nonfiction Series or Special) will be six. (An exception to this rule would be an established series that added a shortened season to the series order.)

8. The length of an episode submitted for individual achievement may exceed, by as much as double, the standard running time of the series episodes. Extended length episodes must be originally aired in one continuous time block with a single main title card and a single end credit roll. If the episode airs in two parts, both parts must have the same episode title and may be selected (excluding Special Visual Effects) if they do not cumulatively exceed twice the standard running time of the series episodes.

9. Upon nomination, every Emmy Award is conditioned upon the delivery of a correctly prepared digital file of the nominated achievement to the Academy, unless otherwise indicated.

NOTE: Digital files must be of acceptable quality for viewing, with correct audio and video reproduction. Unless otherwise noted, files must be in the same form and content as originally broadcast, minus commercial breaks. Failure to provide judging materials will result in forfeiture of the opportunity to win an Emmy.

10. Quid pro quo and block voting are considered by the Academy to be in violation of the spirit and substance of the member code of conduct clause that deems any action or activity which could reasonably be construed as contrary or detrimental to the best interests of the Academy to be a violation of the code. Emmy voting is meant to reflect an individual voter's opinion rather than an ad-hoc group's mandate.

Per Paragraph 14 of the rules book chapter on ENTRY PROCEDURES, ineligible entries will be disqualified at any stage of the competition. The intent of quid pro quo and block voting is to illegitimately advance an entry to a nomination or a nomination to a win. Although the entry, nomination or win may or may not be deemed ineligible, members found to be engaged or otherwise complicit in quid pro quo and block voting shall have any votes cast invalidated and be disqualified from subsequent voting in the Emmy competition.
EMMY WINNERS

1. All votes are tabulated by the accountants, and winners are announced at the Creative Arts Awards and the Primetime Telecast. The Emmy will be presented to the individual(s) specifically listed with each nomination. If more than one eligible individual is credited with the winning achievement, each individual will receive an Emmy.

2. Ties in the final round of voting will be broken by referencing the tied nominations’ relative voter approval in the first-round nominating ballot, e.g., if nominations A and B are tied in final round voting, and if nomination A had X-number of first-round votes and nomination B had X+1-number of first-round votes, nomination B would be the Emmy winner.

3. The Emmy may be accepted by a designee in those cases where the awardee has died or become permanently disabled.

4. Because there are often changes in the rosters of nominees between the nomination press release and the winner press release, the winner press release will be considered the final and definitive source of winner information (based on the final and definitive nomination information used by the accountants to prepare the winner press release).

RULES FOR THE PROTECTION OF THE EMMY® STATUETTE

1. The EMMY® statuette is the property of and all rights are reserved by the Academy of Television Arts & Sciences.

2. The EMMY® statuette may not be reproduced or used in any commercial manner unless otherwise permitted by the Academy, it being understood that possession of the same is solely for the benefit of the recipient and the recipient’s heirs or successors in interest.

3. If a recipient or the recipient’s heir or successor in interest proposes to sell or otherwise dispose of the EMMY® statuette, such persons shall be obligated to return the statuette to the Academy of Television Arts & Sciences which will retain the statuette in storage in memory of the recipient.

CERTIFICATES, CITATIONS AND COMMEMORATIVES

1. Nomination Certificates
Nomination Certificates are provided to all nominees.

2. Production Certificates
Production Certificates may be purchased by the producer(s) of Emmy-winning programs in recognition and appreciation of those individuals who materially contributed to the Emmy-winning program.

3. Craft Citations

4. Commemorative Emmys

Commemorative Emmys cannot be ordered for individuals. (In general, a total of three commemorative Emmys may be ordered per win.)

The intent of issuing commemorative Emmys is to give studios, production companies and networks the opportunity to display, in a corporate or public space, the Emmy Awards for programs that they produced or broadcast. All commemorative Emmy orders are subject to the approval of the Primetime Awards Committee.
2021 – 2022 PRIMETIME EMMY® AWARDS

CATEGORIES
AREAS
JURIED AWARDS
AWARDS DEFINITIONS

1. Category
The definition of a category award is a single, must-give award that is the result of head-to-head competition with the highest vote-getter receiving an Emmy.

2. Area
An area award is non-competitive. In the final judging round each nomination is considered on its own terms without regard to the other nominations in the area. Any nomination with at least 90% approval receives an Emmy. If none of the nominations receives 90% approval, the nomination with the highest approval receives the Emmy. Area awards in Picture Editing and Sound Mixing: Any nomination with at least nine-tenths approval of the judges receives an Emmy. If none of the nominations receives nine-tenths approval, the nomination with the highest approval (with a minimum of 50% approval) receives an Emmy. There is the possibility of one, more than one or, if none has 50% approval, no award in each area.

3. Juried
In a juried award, all entrants are screened by a jury of appropriate peer group members and one, more than one or no entry is awarded an Emmy. In general, there are no nominations. The winner(s), if any, are announced prior to the awards presentation. Deliberations are open and arguments pro and con the giving of an Emmy to an entrant is discussed. At the conclusion of the deliberation on each entry, the jury votes on the question, “Is this entry worthy of an Emmy award - yea or nay?” (and, as with all parliamentary-procedure votes, there is the option to abstain). Only those with unanimous approval win. If there is a single dissenter in a panel comprised of no more than twelve jurors who cannot be convinced to change their vote, the chair may rule that the award will be given in spite of that single dissent. Two dissenters in a panel comprised of 13 to 24 jurors may be over-ruled (with a single dissenter added to each increment of twelve, e.g., three for a panel of 25 to 36 jurors, four for a panel of 37 to 48 jurors, etc.).

4. Rule of Twenty-five
If for two consecutive years the Board of Governors identifies that there are (or would have been had the category been in place) twenty-five or more entries that define such a significant, specialized, and distinct achievement that they no longer are represented adequately within an existing category, they may, at their discretion, separate these entries into a new category.

If for two consecutive years there are less than twenty-five entries in an existing category, they may, at the Board’s discretion, be combined into a related category (in consultation with the applicable peer group).

**ANIMATION AWARDS**

NOTE: Eligibility in Animation is for programming that targets an audience age 13 and above. Animated programming that has a television rating of TV14 and above is only eligible in the Primetime Emmy Awards. **Juried 1 OUTSTANDING INDIVIDUAL ACHIEVEMENT IN ANIMATION**
For a single episode of a series or a special

An individual may enter multiple achievements if the achievements are for different programs. A panel of judges from the Television Academy’s animation peer group determines this juried award.

NOTE: All artwork must be digitally submitted, at the time of entry, by uploading a single pdf file. Printed hardcopies of the entrant’s artwork will no longer be accepted.

If possible, submitted artwork must include a digital signature of the artist and director or producer. The purpose of the signatures is to ensure that the artist, director and/or producer are aware that the entry is being made and that the correct entry materials are being submitted. If you’re unable to obtain signatures, include a brief written statement explaining why on the first page of your artwork pdf.
This category is for the individual artist who created the original artwork – supervisors and leads are only eligible if they themselves created the artwork submitted.

Job titles vary from studio to studio – if you don’t see your job title listed or are unable to provide requested materials but would like to enter, contact the awards department at emmyawards@televisionacademy.com.

Category 2 OUTSTANDING ANIMATED PROGRAM

For a single episode of a series or a special

A minimum of six episodes must air within the current eligibility year to qualify as a series. A special is as an original program, which tells a story with a beginning, middle and end, and is broadcast/streamed in one part.

Emmy(s) to the producer(s) whose credit is Executive Producer, Co-Executive Producer, Supervising Producer, Producer, Produced by, Animation Executive Producer or Animation Producer - responsible for all creative phases of the animation production process from pre-production to post-production; the writer(s) whose credit is Writer, Written by, Story by or Teleplay by; the director(s) whose credit is Director, Directed by, Supervising Director, Assistant Director, Animation Director, Timing Director, Timer or Voice Director. All eligibility is subject to approval by the animation peer group executive committee.

During each eligibility period, all eligible, credited writers of animated programs who qualify for an animation program award are considered as one of the group of participants who are entitled to receive the Emmy(s) for any such program. The team includes writers, producers and directors.

However, any eligible writer may elect to opt out from being such a team participant and instead may enter the competition in any applicable individual achievement writing category. For example, a writer on an animated comedy series may choose to enter in the Writing For A Comedy Series category rather than with the animated program team, and a writer on an animated special may choose to enter in the Writing For A Limited or Anthology Series or Movie category. Likewise, any eligible writer on any other series episode may choose to enter in an appropriate writing category.

Note that per the “one-achievement, one-entry” rule, a writer may not have dual eligibility in both animation and writing categories for the same episode or special, i.e., no “double dipping.” However, a writer who is eligible in the program category may enter a different episode from the same series in a writing category without having to opt out of the program category. Writing teams (two or more writers of the same episode or special) must remain a team and may not split their entry.

ELIGIBILITY RULE: In cases where the entry was created by a separate show runner and production house, numerical caps shall be set for those directors, writers and producers eligible on the episode or special chosen for entry, as follows:

- a maximum of four directors
- a maximum of three writers
- a maximum of fourteen producers

The total number of entrants is capped at 21 without restrictions based on a producer’s employer (either the production company or the animation house) - with all eligibility subject
to approval by the animation peer group executive committee. And because some producers may contribute to the entry as writers, the showrunner making the entry may list them as "producer/writer" among the three writing slots, with those producer-writers who did not contribute to writing the entry entered among the fourteen slots for the producers.

NOTE: The nomination slots in the Animated Program category have two tracks – half-hour programs and hour or more programs. The number of nominations will be proportionate according to the entries received for each track with the caveat that there will always be one slot reserved for the highest vote-getter among the hour or more programs, if there is a minimum of three entries for a given track. However, if there are zero votes in the one hour or more track, all nominees will emerge from the half-hour track.

Nomination requirement: A digital upload of the program will be requested at the point of nomination.

The animation content of either a fully animated or animation and live-action program must be at least 65% new animation to qualify the program for entry in an animation program category.

An animated program may choose to enter to a live-action category. If entered in a live-action program category (e.g., comedy or drama), producer eligibility is based on the eligibility for that category.

Animated series are nominated for a single episode. If entered in an animation program category, only those producers, directors and writers credited on the submitted episode are Emmy-eligible.

**Category 3 OUTSTANDING SHORT FORM ANIMATED PROGRAM**

For a single episode of a series or a special

This category is open to original short form primetime animated programs with an average episode running time of two minutes to 20 minutes and recognizes entries from over-the-air, cable, satellite and internet exhibition. Content must be original.

A minimum of six episodes must air within the current eligibility year to qualify as a series. A special is as an original program, which tells a story with a beginning, middle and end, and is broadcast/streamed in one part.

Emmy(s) to the producer(s) whose credit is Executive Producer, Co-Executive Producer, Supervising Producer, Producer, Produced by, Animation Executive Producer or Animation Producer - responsible for all creative phases of the animation production process from pre-production to post-production; the writer(s) whose credit is Writer, Written by, Story by or Teleplay by; the director(s) whose credit is Director, Directed by, Supervising Director, Assistant Director, Animation Director, Timing Director, Timer or **Voice Director**. All eligibility is subject to approval by the animation peer group executive committee.

Programs will be reviewed and approved as appropriate for this category by the Award Committees of the Television Academy and of the National Academy of Television Arts & Sciences.

ELIGIBILITY RULE: In cases where the entry was created by a separate show runner and production house, numerical caps shall be set for those directors, writers and producers eligible on the series or special chosen for the entry, as follows:

a maximum of four directors
a maximum of three writers
a maximum of fourteen producers

The total number of entrants is capped at 21 without restrictions based on a producer’s employer (either the production company or the animation house) – with all eligibility subject to approval by the animation peer group executive committee. And because some producers may contribute to the entry as writers, the showrunner making the entry may list them as
“producer/writer” among the three writing slots, with those producer-writers who did not contribute to writing the entry entered among the fourteen slots for the producers.

Animated series are nominated for a single episode. Only those producers, directors and writers credited on the submitted episode are Emmy-eligible.

Nomination requirement: A digital upload of the program will be requested at the point of nomination.

The animation content of either a fully animated or animation and live-action program must be at least 65% new animation to qualify the program for entry in an animation program category.

**Short Form Animated programs can also enter individual achievements in:**
- Outstanding Individual Achievement In Animat
- Outstanding Character Voice-Over Performance
- Outstanding Costumes For A Variety, Nonfiction Or Reality Program
- Outstanding Main Title Design
- Outstanding Original Music And Lyrics
- Outstanding Original Main Title Theme Music
- Outstanding Sound Editing For A Comedy Or Drama Series (Half-Hour) And Animation
- Outstanding Sound Mixing For A Comedy Or Drama Series (Half-Hour) And Animation

**ART DIRECTION AWARDS**

Emmy(s) to production designer(s), *art director(s) and set decorator(s), if applicable.

*NOTE: if a person is given the title ‘Supervising’ or ‘Lead’ it will be assumed that their position is higher than those without. For example, if a show has a Supervising Art Director and an Art Director, the Supervising Art Director will be included, but the Art Director will not. If the PD feels that despite the titles, they are equal, a petition should be submitted and the PGEC will determine eligibility.

An Emmy is awarded to the Production Designer, the Set Decorator and the Art Director. If there are additional people holding these positions, there must be a petition to explain why they should be included or excluded.

2nd unit and reshoot credits are not eligible.

The Assistant Art Director who is functioning as the Art Director on a half-hour show can be submitted (with a petition) for Emmy consideration, but only if that show does not have another credited Art Director.

The initial entry may be submitted by any team member and must include the whole team. When there is an eligible entrant who does not wish to participate in the competition, documentation must be received from the individual not entering, stating that they are aware of the entry and does not wish to be included.

An individual or the identical team may enter multiple achievements in a production design category if the achievements are for different programs. The Peer Group Executive Committee (PGEC) will review all screen credits for entrant eligibility on submitted programs. All eligibility is subject to final and definitive review by the PGEC to determine principal creative contributions. The decision of the PGEC with the concurrence of the Primetime Awards Committee is definitive and final.

Entries are capped at a maximum of three entrants for conventional domestic programming (with prior team eligibilities of more than three entrants not allowed to grandfather into
current team eligibility). Proposed additional entrants for an entry beyond the cap of three will be considered on an individual basis by petition to the PGEC by the Production Designer or Art Director (if no Production Designer is credited). A petition form must be filled out in its entirety. Petition entries with incomplete or missing information will not be considered.

Petitions: All petitions must explain the roles of all members of the submitted team, not just the person being petitioned. Photos, drawings etc., should be submitted to support the petition. Petitions must be received by the entry deadline. Petitions cannot be submitted for the department head. It is the responsibility of the submitter to fill out the petition correctly/fully and provide sufficient details to support the petition. No appeals will be accepted to try and qualify after PGEC has denied a petition. Petitions received after nominations are announced will not be considered.

A job description must accompany any screen credit/job title submitted outside of the standard credits (production designer, art director, set decorator), e.g., production buyer/scenic designer, who will require approval by the PGEC.

In the case of multiple New York production designers, the PGEC will seek additional information in the form of a job description/responsibilities. The PGEC’s review and decision on the eligibility of additional petitioned entrants will be final.

Individuals without screen credit must provide a deal memo or letter from a credited executive producer to establish an eligible job title.

If there are two teams working on the program/episode, totaling more than three people, then a petition should be submitted explaining the two teams’ roles. The PGEC will determine the eligibility of the entrants. If, through editing, the work from more than one team appears in a submitted episode, the PD should explain in a petition whether both teams should be included and include a percentage of the show that each team contributed to.

**Nomination requirement:** A digital upload of the program/episodes will be requested at the point of nomination.

**SPECIAL ENTRY INSTRUCTIONS FOR SERIES ENTRIES IN ALL AREAS:**
For a series not in its premiere season, 2/3 screen time or 2/3 set count of the submitted entry(s) must be in new sets or locales for design team to qualify for submission.

If the series entry has a prior team, in either a past or the current season, they will need to complete a Program Information Form to establish that at least 2/3 of the sets are the work of the team being entered.

A "prior team" for the current season occurs if any of the eligible team (production designer, art director or set decorator) was different - even by one individual - on any episode earlier in the current season.

For set redesigns only: entries need to include a statement that details the design changes and should be supported by photos and/or drawings on your PIF form to explain the changes made. Supporting DVDs that show the original design and the redesign may be requested.

To qualify for the 2/3 rule, a design team must upload beginning and end credits for the episodes being submitted and complete the Program Information Form available at emmys.com/emmys/pif.

The above 2/3 rule applies to limited or anthology series that have more than one design team.

Entries with incomplete or missing Program Information Forms (PIF) will not be considered. For a series, up to three (3) episodes may be submitted by the design team as long as all entrants are credited on all three episodes to fulfill 2/3 rule requirement. Enter the minimum number of episodes to qualify for the 2/3 rule. Episodes must be listed in the order they aired and new sets calculated after each episode until the 2/3 mark is met. Extended length episodes will count as two episodes.

Area 7 and 8: A Variety show is traditionally formatted for a live audience in a multi-camera format and can include musical acts or sketch comedy pieces but not limited to all of these together. **Submission options for Competition, Structured or Unstructured Reality Editing:**
An Emmy is an individual achievement award that includes one or more individuals as the on-air credits indicate. In cases where the number of credited individuals on the episode being submitted exceeds the cap guideline (seven entrants), there are the following options:

- Multiple episodes per series may be entered if the list of entrants for each episode is different.
- Petition the peer group for a cap waiver for the episode being submitted.
- Submit for a body of work, which is limited to a single entry per series, with the episode chosen by the Supervising Editor in consultation with the eligible entrants (those who were credited on 40% or more of the eligible episodes, and/or those who were credited on the episode chosen for the Emmy judging panel are eligible).

**HAIRSTYLING AWARDS**

Emmy(s) to hairstylist(s)

An individual may enter as either a hairstylist or makeup artist, but not both.

An individual or an identical team may enter multiple achievements in a hairstyling category if the achievements are for different programs. The Peer Group Executive Committee (PGEC) will review all screen credits for entrant’s eligibility on submitted programs.

The same program cannot be submitted to more than one category. No multiple submissions are allowed for the same production and or hairstylist in the same category. The only time a program can submit for more than one category is if there are two separate hairstyling departments that never overlap stylists. Submitters should coordinate so there are not multiple submissions for the same production and/or stylists in the same category.

Definition of hairstyling for Emmy recognition: Hairstyling is any change in the appearance of a performer’s/on-screen talent’s hair by the act of hairstyling, for example, designing, cutting, coloring, and arranging the performer’s/on-screen talent’s hair, as well as the designing, preparation and application of wigs or hairpieces to create a character. It is not changes caused by special lighting, camera lenses, optical effects, or computer imaging. It is not for hairstyling on puppets, dummies, or any device that is not on the performer’s/on-screen talent’s hair or head.

Hairstylists who actually execute the hairstyles and/or design, style and apply wig(s) on a performer/on-screen talent are eligible. An individual who only designs, supervises, or manufactures products, but does not apply, is not eligible.

Eligibility Clarification: Eligible hairstylist(s) entrant(s) must have been the hairstylist most responsible for the overall look of the achievement being recognized and involved with hands on styling, on the performer’s/on-screen talent’s, on the days of production.
EMMY RULES AND PROCEDURES

Each submission will consist of no more than four entrants, including the Hairstyling Department Head. A Department head hairstylist, showing just cause, may petition the Hairstyling Peer Group Executive Committee (PGEC) and Governor to allow the submission of up to four additional hairstylists they feel have contributed significantly to the achievement for a combined total of up to eight hairstylists.

Entrants: ALL hairstyling submissions required to be signed by the Department Head Hairstylist.

**Eligible titles:** Department Head Hairstylist in every case, Co-Department Head Hairstylist, Assistant Department Head Hairstylist, Key Hairstylist, Additional Hairstylist, Hairstylist or Personal Hairstylist (star request) next to the entrant’s name, Barber (hairstyling license). All entrants must be verified by a Department Head in writing. In the case of a Co-Department Head, only one Department Head may verify.

**Ineligible titles and/or job functions:** Hairstyling Trainee, Hairstyling Intern, Wig Designer, Hair Designer*, Hair Supervisor, Background Hairstyling Supervisor, Hairstyling Assistant, Hairstyling Coordinator, Crowd Hairstyling, Crowd Hairstyling Supervisor.

*NOTE: Eligibility for Hair Designers will be determined on a case-by-case basis. Entrant must complete an eligibility statement as part of the entry form.*

Any petitions for additional entrants must be received by the entry deadline. It is the responsibility of the entrant to fill out the petition correctly/fully and provide sufficient details to support their petition. A minimum of five call sheets for the submitted episode will need to be provided to verify petitioner. Appeals may not be accepted to try and qualify after the PGEC has denied a petition. Petitions received after nominations are announced will not be considered.

In all cases, additional entrants will be vetted and verified by the Television Academy and the Hairstylist Governor to establish eligibility. In the case of a question or dispute regarding an individual’s eligibility, the PGEC will decide eligibility. A majority vote of the PGEC will prevail.

The Peer Group Executive Committee (PGEC) reserves the right to change an entry’s category or disqualify it, should they feel that the entry was submitted in the wrong category and also reserves the right to confirm or deny the eligibility of the entrant’s petition based on their contributions. Eligibility may also be denied for any entrant who fails to follow the rules and procedures.

Eligibility is subject to the final and definitive review by the PGEC and concurrent with the Primetime Awards Committee.

Series episode: The length of the episode submitted for individual achievement may exceed, by as much as double, the standard running time of the series episodes. If the episode is in two parts, both parts may be selected if they do not cumulatively exceed twice the standard running time of the series episodes.

All hairstyling submissions must include a technical description of up to 150 words or less, to be reviewed and approved. You will be required to describe the process, techniques, materials, and tools with an emphasis of the techniques employed on no less than 51% of the principal on-screen talents. A disclaimer must be revealed if any portion of a submission does not conform to the category in which it is submitted, and the disclaimer must be clearly disclosed in the first portion of the 150 words or less description.

If the entry contains footage from previously aired material from the current or prior awards years, a description must be attached with the entry noting this.

Additionally, Hairstyling nominees will be sent a form asking if their on-set work was digitally modified in post-production. If yes, the entrants will be required to include the post-production editor’s description of how and to what degree the artists’ on-set work was modified in post-production.
Nomination requirement: A digital upload of a reel not to exceed 7 minutes will be required at the point of nomination (July 12). The edited reel must include the hairstyles that were done by the entrant(s).

Category 41 OUTSTANDING CONTEMPORARY HAIRSTYLING
For a single episode of a comedy, drama, limited or anthology series or a movie (non-period/character hairstyling)

Contemporary hairstyling is hairstyles that are based on a period of time less than 25 years before to the current awards eligibility year.

An entry must be at least 51% contemporary hairstyles to be eligible.

Area 42 OUTSTANDING PERIOD AND/OR CHARACTER HAIRSTYLING
For a single episode of a comedy, drama, limited or anthology series or a movie

An entry must be at least 51% Period and/or Character hairstyles to be eligible and include changing the identity or appearance of an on-screen talent with or without the use of wigs, hairpieces, or external hair appliances.

Period Hair is based on a period of time 25 years prior to January 1 of the current eligibility year.

Character Hairstyling is a significant change to the visual appearance of an actor, on-screen talent to fit their new persona (a role or character adopted by a performer, or an extension of someone’s identity or personality that is perceived by themselves or others.) This may be obtained with or without the use of wigs, hairpieces, or external hair appliances to create varied and diverse results. The goal is to achieve the vision of the writer, director, producer, actor or performer/on-screen talent. The hairstyles may range from sketch comedy to dramas and may include but not limited to parody, futuristic, fantasy, ethnicity, disease, gender, or age, and may also be in any specific era. Special hair colors and hair products may also be used to achieve these changes in the appearance of the actor or on-screen talent.

Entries in Area 42 will be recognized in two genres: character and period. The number of nominees will be proportional to the number of submissions in each genre, with at least one nomination for each, if there is a minimum of three entries for a given track.

Juried 43 OUTSTANDING HAIRSTYLING FOR A VARIETY, NONFICTION OR REALITY PROGRAM
For a single episode of a variety, nonfiction, reality series or a special

NOTE: It is understood that reality programs often rely on large teams of artists, however, to qualify for this category, the artists submitting their work must have physically designed and applied the wigs to the hair of the performer/on-screen talent. If the talent has designed or applied their wig to their hair and an artist maintains touch ups for that application on set, this renders the work ineligible for consideration.

In a juried award, all entrants are screened by a jury of appropriate peer group members and one, more than one or no entry is awarded an Emmy. There are no nominations. The winner(s), if any, are announced prior to the awards presentation.

VIDEO INSTRUCTIONS FOR JURIED 43: All entrants must upload a video file at the time the entry is submitted. Video must be edited to only include the hairstyles that were done by the entrant(s). Appliances can be stock or custom pieces. Prosthetics range in a variety of sizes and may cover any percentage of the on-screen talent. 2. These top vote-getters will be viewed by at-home panels made up of volunteers from the music peer group who will vote to pare down the top fifteen/top ten to the requisite number of nominees. (The total number of nominees will be based on the number of submissions received in each category.)
Multiple entries: An individual or the identical team may enter up to two entries per category if the entries are for different programs.

All entries for category 52 (music composition - series), 53 (music composition – long-form), 54 (music composition – documentary), 56 (music and lyrics) and 57 (main title theme music) must have originated with the credited composer(s) and/or lyricist(s) and must have been created specifically for an eligible program as defined previously in Criteria for Eligibility with no prior usage (including public performance or exploitation), through any other media. No re-edited, re-arranged, re-orchestrated, re-imagined, re-worked, re-recorded works are allowed. Additionally, the use of pre-existing music that has been sampled and incorporated into a new work is not allowed. The submitted work should be wholly original to the program, presented exactly as aired and should contain nothing recognizable from a previous work - melodically, lyrically, and rhythmically.

When there are multiple composers for an entry, the smallest contribution an entrant can make and still be eligible is 20% as shown on the cue sheet.

In all categories, the eligibility recommendation to the Primetime Awards Committee will be at the sole discretion of the Music Peer Group Executive Committee, and an entry may be disqualified at any time during the contest period if that entry is found to be ineligible, substantially unoriginal, or in categories 52, 53 and 54, there is deemed to be less than a substantial body of music in the form of dramatic score.

All entries for category 58 (music supervision) are for the television craftsperson who creatively contributes to the story, character development and overall narrative of a program by engaging in song selection, guiding original song creation and production, overseeing on-camera music performances, participating in the creative aspects of music spotting and contributing to the creation of a unique music aesthetic.

The entries for categories 52, 53, 54 and 55 must upload a PDF of the complete cue sheets, which clearly list all music cues and their composer(s) and/or lyricist(s), percentages, publishers, timings, and usages. An incomplete or unclear cue sheet could result in disqualification.

All song entries for category 56 must upload a video file of the song and upload a PDF of the vocal lead sheet (containing vocal lead line notation, lyrics and chord symbols) and the corresponding complete cue sheet.

Main Title Theme entries (category 57) must upload a PDF of the corresponding complete cue sheet. If the main title theme contains a song, a PDF of the vocal lead sheet (containing vocal lead line notation, lyrics, and chord symbols) must be uploaded.

PHOTO REQUEST: By the entry deadline (May 12), all performers and hosts must upload a headshot for the ballot.

The photo you upload will appear on the ballot "as is" and cannot be changed after the entry deadline. If nominated, this photo will also be used for the Academy's website, the Emmy Awards program book, usage for all media and promotion of the show and entrant in perpetuity, the Emmy Award ceremonies and for lead performers only, the televised nomination announcements. The photography will be used in high definition and projected very large for the nomination announcements and award ceremonies so make sure you select the correct photo and that it meets the requirements. If a suitable photo is not submitted, we may source an alternative image.

Juried 93 EXCEPTIONAL MERIT IN DOCUMENTARY FILMMAKING
This award is not meant to duplicate the recognition given documentary/nonfiction programming in the other categories and areas of the competition; rather, its purpose is to both honor and encourage exceptional achievement in one or more of the traditional components of the filmmakers’ art:

1. Profound social impact
2. Significant innovation of form
3. Remarkable mastery of filmmaking technique

Judging criteria: filmmaker’s expressed vision, compelling power of storytelling, artistry or innovation of craft, and the capacity to inform, transport, impact, enlighten, and create a moving and indelible work that elevates the art of documentary filmmaking.
**Entry procedures:** All applicants for candidacy in this juried award will be required to submit a written statement that expresses the program’s qualifications as a Documentary Film with Exceptional Merit.

Both feature-length programs and shorts may be eligible, dependent upon acceptance as a candidate. Acceptance as a candidate by the jury makes the program ineligible to compete in any other documentary/nonfiction special or series program area. (Programs not accepted for candidacy will be notified prior to the online posting of ballots in early June and may opt to enter in a documentary/nonfiction category or area.) Series are not allowed to submit to the Exceptional Merit award unless the docuseries is a single program in terms of its story even if it was presented as several broadcasts. A docuseries that requests entry into the Exceptional Merit award must be done by petition, with information that verifies it is a single program but was presented across multiple broadcast dates. Episodes of a series accepted as a candidate may not compete as part of its originating series and will not be designated as a series episode. Programs must have aired during the eligibility year (June 1, 2021 – May 31, 2022).

This award is for filmmakers who were directly involved with the making of the film under consideration.

Emmys to a maximum of seven credited producers.

The submitter must submit an affidavit that outlines the roles of the Executive Producers who are credited in the film and directly involved, including an estimate of the percentage of work done in pre-production, production, and postproduction.

Funders, financiers, celebrities, or names are not Emmy eligible unless they are shown, on affidavit, for having contributed as filmmakers during the production of the documentary and received an eligible onscreen producing credit.

Entrant eligibility will be established at the time a program is accepted as a candidate.

Special rules for documentaries submitted into Exceptional Merit in Documentary Filmmaking that would exceed the Television Academy’s rules for theatrical release prior to broadcast:

- The program would have been financed by a media company that produces programs primarily for television exhibitions.
- The television company would have been creatively involved in the film.
- There was an initial intent/commitment to air the program on television following the Television Academy’s rules for national distribution.

**NOTE:**
-- Any film placed on the AMPAS viewing platform will be deemed a theatrical motion picture and thus ineligible for the Emmy competition.
-- Oscar®-nominated films are not eligible to submit, nor any documentary film made available to Oscar voters on the viewing platform.
-- Documentaries that exceed an aggregate of 70 days theatrical release and do not meet ALL the criteria outlined above would not be eligible for the Emmy competition.
-- Documentaries that exceed an aggregate of 70 days theatrical release must enter the Exceptional Merit in Documentary Filmmaking category; they are not eligible in the Documentary and Nonfiction Special or Hosted Nonfiction Series or Special categories.
-- Documentaries that qualify for Exceptional Merit are allowed to enter all craft categories.
-- Documentaries that do not qualify for Exceptional Merit under these rules would not be allowed eligibility into any other program or individual achievement category.
-- The television broadcast/posting of the documentary must occur within one year of its initial public exhibition, regardless of if this is or is not a general release. Film festival screenings do not count as theatrical screenings.

Category 106 OUTSTANDING SPECIAL VISUAL EFFECTS IN A SEASON OR A MOVIE
This award is to honor the overall achievement of the special visual effects within a comedy, drama, limited or anthology series or television movie. In the instance of comedy, drama or limited or anthology series, entries may include work spanning any or all episodes within the season submitted.

A television movie (as defined below) is eligible for this category only, it cannot be submitted in Area 107.

Submission in this category precludes any submission in Area 107.

Area 107 OUTSTANDING SPECIAL VISUAL EFFECTS IN A SINGLE EPISODE
This award is for the overall achievement of the special visual effects in a single episode within a comedy, drama or limited or anthology series. All work submitted in this category must have appeared in a single, continuous episode.

The intention is to honor the work presented in one standout episode of a series which otherwise does not present such work. The entrants will be required to submit a statement that demonstrates that the majority or otherwise exceptionally different special visual effects work in the season resides in the submitted episode. After reviewing the video submission and written document, the Peer Group Executive Committee reserves the right to move the entry into Category 106 if the entry does not meet the stated criteria.

A television movie may NOT be entered into this area.

Entry requirement: Entry in Area 107 requires a written statement demonstrating that the majority or otherwise exceptionally different special visual effects work in the season resides in the submitted episode.
Submission in this category precludes any submission in category 106.

RULES AND PROCEDURES FOR ALL SPECIAL VISUAL EFFECTS CATEGORIES:
Programs may be submitted in either category but not in both. Fully animated programs and main title sequences are not eligible in either of these categories.

A television movie is defined as an original program, which tells a story with beginning, middle and end, and is broadcast in one part with a minimum running time of 75 minutes.

Emmy statuettes are awarded to the principal contributors directly involved with and primarily responsible for the visual effects achievement. Up to nine individuals may be included in the entry.

The following rules and guidelines apply:

• Series may submit up to two episodes in category 107, if each of the nine named entrants for each episode are completely different

• Entrants must be in job categories which are eligible for membership in the Special Visual Effects peer group. Directors of photography, editors, show producers, writers, directors, etc. are not eligible. Note: VFX Editors are now eligible

• Entries should include representatives of the hands-on artists, special effects technicians, and support staff that executed the work in addition to the supervisors who managed them. Entries, which do not include the principal contributors or hands-on artists, may be asked to justify this exclusion in writing

• Entrants should be people who were primarily responsible for the work. Facility management and salespeople, who were not working full time on the production of the program, are not eligible for inclusion simply by virtue of being owners and management of special visual effects vendors

• No exceptions to the cap of nine individuals per entry

• Each entry must include a written document outlining each entrant’s contribution to the final product on-screen

• The Primetime Awards Committee, in consultation with the Special Visual Effects Peer Group Executive Committee (PGEC), reserves the right to confirm or deny the eligibility of the entrants based on their contributions

For series, two-hour pilots or special extended length episodes may be submitted as a single episode in Area 107 if they originally aired in one continuous time block with a single main title card and a single end credit roll. A two-parter, each part with its own main title and end credits, cannot be entered as a single, extended-length episode; rather, each part is considered a stand-alone episode.

As part of the entry vetting process, the Special Visual Effects Peer Group Executive Committee may disqualify any entry from competition which clearly does not represent state-of-the-art effects in the special visual effects field and does not exhibit the level of excellence expected in Emmy nominees in these categories. An entry may be removed by a majority vote of PGEC members present at the vetting session.

VIDEO SUBMISSION INSTRUCTIONS:
All entries must include a video file.

Entries in category 106 shall be no more than a total of 8 minutes in duration:

Each submission may include up to 4 minutes of optional “before & after” material, demonstrating visually how the work was achieved. The complete “before & after” section must follow the complete "as aired" section after 1 second of black and must be included
within the 8-minute total submission length. This "before & after" section may not include any on-camera interviews or "talking heads," but may be accompanied by music and/or voice-over narration. The "before & after" section may demonstrate only the shots which were shown in the submission's "as aired" section.

You may include a slate with the name of the entry at the head of the submission. No other slate, title card, or superimposed text shall be included within the body of the submission that wasn't as originally aired but may be included in the "before & after" section only to better illustrate the creative process. The entry may not include the names of any entrants, Special Visual Effects facilities, or company logos. This includes the slate at the beginning and within the before & after material.

Submissions incorporating effects from all eligible episodes are allowed.

Entries in area 107 shall be no more than a total of 7 minutes in duration:

Each submission may include up to 3 minutes of optional “before & after” material, demonstrating visually how the work was achieved. The complete “before & after” section must follow the complete "as aired" section after 1 second of black and must be included within the 7-minute total submission length. This "before & after" section may not include any on-camera interviews or "talking heads," but may be accompanied by music and/or voice-over narration. The "before & after" section may demonstrate only the shots which were shown in the submission’s "as aired" section.

You may include a slate with the name of the entry at the head of the submission. No other slate, title card, or superimposed text shall be included within the body of the submission that was not as originally aired but may be included in the “before & after” section only to better illustrate the creative process. The entry may not include the names of any entrants, Special Visual Effects facilities, or company logos. This includes the slate at the beginning and within the before & after material.

Submissions incorporating effects from more than one episode are not allowed.

**Be sure your video conforms to these parameters:**
- Entries must be edited to highlight the key visual effects of the program within their dramatic context
- Each entry must be “as aired” with sync audio and surrounding shots in their correct order. Clip reels with soundtrack embellishments or individual effects shots edited out of context are not allowed
- Video: 1920x1080 progressive Frame Rate: 23.976 Codec: H.264 Bit Rate: 6-8 MB Audio: AAC, stereo, 192-320kbps, 44-48 kHz. Aspect Ratio: As aired (pillar box if 4:3 material). MP4 format is preferred. No timecodes
- The file name must include the program name
- Do not combine multiple entries into a single video file
- Format:
  - No bars and tone
  - A slate identifying the show
  - The effects in context, as aired, with original sound
  - One second of black
  - Finally, the optional before/after segment

**WRITTEN SUBMISSION MATERIALS:**

**ENTRANT CONTRIBUTION:** Each entry must include a written document summarizing the individual contribution each entrant made to the production.

**SUPPLEMENTAL JUDGING MATERIAL:** Additionally, each entry may also include an optional brief written description of the program’s visual effects that corresponds to the entry video. This is especially important for entries which do not include before & after material in their video presentation. This document may contain visual representations of how the effects were
accomplished, and it may include storyboards, diagrams and still photographs that pertain specifically to the shots being described. The written material must not include the names of any entrants, Special Visual Effects facilities, company logos nor any cast or crew names.

Character names are acceptable within a description, but the emphasis must be on the work and not any individuals. It is recommended that entrants use large text, emphasizing pictures instead of words, and focus on the key achievements in a concise and informative manner. A PDF of the written material must be uploaded to the entry and will be made available to the SVE voting members.

DEADLINE: The final deadline for these materials to be uploaded is May 12.

VOTING:
Voting in both awards shall be determined by a three-step process. First, all entries will be viewed in their entirety by a majority of the Special Visual Effects Peer Group Executive Committee. Secondly, based on a weighted score of all the entries by the PGEC, the top fifteen scoring entries will then be presented to the entire membership via “at home” online viewing to determine the nominated entries. Finally, winners will be determined by vote open to the entire membership of the SVE Peer Group via “at home” online viewing of the nominated entries.

STUNT COORDINATION AND STUNT PERFORMANCE

Voting in the Stunt Coordination categories shall be determined in a three-step process:

-- First, all entries will be viewed in their entirety by the Stunt Coordination Peer Group Executive Committee, past PGEC members, and former Stunt Coordination nominees, provided the individual does not have a conflict of interest.

--Second, based on a weighted score of all the entries by the PGEC, up to the top fifteen scoring entries will then be presented to the Stunt Coordination peer group via online viewing to determine the nominations.

--Finally, winners will be determined by the members of the Stunt Coordination and Director Peer Groups via at home online viewing of the nominated entries.

NOTE: All petitions to submit as a dual stunt coordinator entry must be verified by contract, credit, exhibit G and a letter from the show’s producer. Verification must confirm that both stunt coordinators worked in tandem as dual department heads in all phases of concept, creation and execution.

Stunt Coordinators who alternate episodes, "leapfrog," as department heads, must submit individually under body of work.

Covering episode stunt coordinators do not meet department head stunt coordinator eligibility.

NOTE: Stunt Coordinators are required to submit a reel, not to exceed 3 minutes in length, which may combine the coordinator’s stunt sequences from the entire current eligibility year (June 1, 2021 – May 31, 2022) for the series. Stunt Coordinators must only pull clips from the series episodes that they solely coordinated and received Stunt Coordinator credit verifiable by the Producer and contracted as such. NOTE: The content of the reel MUST NOT include the prelude to the program/episode (teaser).

A stunt coordinator may enter multiple achievements if the achievements are for different programs.

Area 111 OUTSTANDING TECHNICAL DIRECTION, CAMERAWORK, VIDEO CONTROL FOR A SERIES
For a single episode of a comedy, drama, variety or reality series

Entries are limited to a maximum of 11 entrants.

Entries in this category will be recognized in two genres: Half-hour shows, and one-hour (or more) shows. The number of nominees will be proportional to the number of submissions in each genre, with at least one nomination for each, provided there is a minimum of three entries for a given genre.

Area 112 OUTSTANDING TECHNICAL DIRECTION, CAMERAWORK, VIDEO CONTROL FOR A SPECIAL
For a special

Entries are limited to a maximum of 20 entrants.

An awards area is non-competitive. In the final judging round each nomination is considered on its own terms without regard to the other nominations in the area. Any nomination with at least 90% approval receives an Emmy. If none of the nominations receives 90% approval, the nomination with the highest approval receives the Emmy.

Nominations in Area 111 and Area 112 will be determined by a two-step process:

All submissions will be voted for online exclusively by members of Lighting, Camera and Technical Arts peer group during the nomination round of voting to determine the top 10 vote getters in each category.

The top ten vote-getters in each category will be viewed by at-home panels made up of volunteers from the Lighting, Camera and Technical Arts peer group who will vote to pare down the top ten vote-getters to the requisite number of nominees. The total number of nominees will be based on the number of submissions received in each category.

The file must be under 10GB
MP4 format is preferred

WRITING AWARDS

Emmy(s) to writer(s) whose on-screen credit is writer, written by, teleplay by or story by

An individual or the same team may enter multiple achievements in a writing category if the achievements are for different programs. Percentage rules still apply (see below), however, those submitting for a comedy or drama series category may choose to put their credit percentages toward one entry, per series, per category.

Entry rules pertaining to team size restrictions are applicable in comedy and drama series. Entrants must have, either by themselves or in conjunction with other story or teleplay writers, at least 50% credit-share of the entered program.

Some possible combinations:
Sole writing credit = 100% for sole writer;
2-person shared writing credit = 100%/2 = 50% for each writer;
Teleplay credit for 1 writer and story credit for 1 writer = 60% for teleplay writer and 40% for story writer;
2-person shared writing credit for a teleplay and 2-person shared story credit = 60%/2 = 30% for each teleplay writer and 40%/2 = 20% for each story writer.

Entrants can put their credit percentages toward only one entry, per series, per category.

ANIMATION WRITERS IN CATEGORY 2: Eligible, credited animation writers who opt out of the program’s team entry and/or are not one of the credited writers on the program’s submitted episode, may elect to enter in this category. A writer may not have dual eligibility in both animation and writing categories for the same episode or special. However, a writer who is eligible in the program category may enter a different episode from the same series in a writing category without having to opt out of the program category. Writing teams must remain a team and may not split their entry. See the Rules Book under Animation Awards for more complete information.

SCRIPTS REQUIRED AT THE POINT OF NOMINATION (July 12): For writing categories 113 (comedy series), 114 (drama series) and 115 (limited or anthology series/movies), the writer’s choice of the best version (not necessarily the final version) of the script (PDF) will be needed by July 21 if the achievement is announced as a nominee on July 12. The PDF will be made available to the voters. Specific information will be sent at the point of nomination.

SYD CASSYD FOUNDERS AWARD

Members of the Executive Committee nominate and choose the recipient, with final approval from the Board. The Executive Committee’s decision must be unanimous. If no candidate gets unanimous approval, there is no award that year. The Television Academy Chairperson of the board is not eligible for the award while in office.
OUTSTANDING ACHIEVEMENT IN ENGINEERING DEVELOPMENT

Entry form is available at emmys.com/downloads.

The Television Academy Honors is separate and distinct from Emmy’s recognition of television excellence. Information can be found at emmys.com/honors.

APPENDIX I

PROGRAM AWARD PRODUCER ELIGIBILITY GUIDELINES
(Excludes Documentary or Nonfiction Programming)

A priority of the Television Academy is preserving the value of the Emmy Award and ensuring that those who are most deserving and actively involved are the ones honored with nomination.

Toward that end, the Television Academy has implemented a process by which eligibility is established and determines the factors of credit and function. The Television Academy's goal is to be as inclusive as possible, while maintaining the diligence that is necessary to preserve the integrity of the Emmy Award.

ELIGIBILITY

Producer eligibility is determined by a combination of credit and function:

1. Credit – The individual must receive an on-screen credit of: Executive Producer, Co-Executive Producer, Supervising Producer, Producer or Produced By and, in the case of a series, receive that credit on at least 50% of the episodes aired in the current eligibility year.

2. Function – To be eligible, a producer must have substantial or final control over creative and financial aspects of the production such as: creating, selling, casting, staffing, pre-production, production and post-production. On a series, the individual must perform these producing functions on at least 50% of the episodes aired in the current eligibility year.

3. Consulting Producers (Comedy and Drama Series categories) – In exceptional cases, producers credited with a "Consulting Producer" title on a majority of the episodes of a
Comedy or Drama Series originally produced during the eligibility period may be deemed eligible for awards consideration if they function at a senior level of producers on a full-time basis but, due to internal production practices, received a credit of "Consulting Producer."

To ensure a comprehensive and objective review of the "Consulting Producer" credit exception request, the Television Academy will seek eligibility recommendations from the Producers Guild of America (PGA). The Guild requires that all producers credited with eligible titles submit an "Eligibility Form," which confirms their voluntary participation in the determination process. Because the Emmy is granted only by the Television Academy, final eligibility determinations remain at the sole discretion of the Television Academy.

The following individuals are not eligible regardless of screen credit:
- Corporate Executives (i.e., studio executives, network executives, etc.)
- Professional Representatives (unless they qualify under Function #2 above)
- Concert promoters
- Producers from a medium other than television who have packaged and handed off key components of their production

4. Producing Team Size Caps – The maximum size of the eligible show producing team is based on the average team size of eligible producers in the category over a prior five-year period. Vetted producers are then sequenced by function. Any exception to these limits would be based on the determination that all the members of the proposed team meet the highest level of the function criteria.
