College Television Awards Ceremony

GENERAL INFORMATION

The College Television Awards have recognized excellence in student-produced television content since 1979. The Awards have grown from two categories in 1979 into a competition with submissions from over 100 schools nationwide in nine different categories. Since 2019, our nominees have also enjoyed the exclusive opportunity to network and connect with industry executives over three days of experiential programming culminating in the awards ceremony. These activities include networking with Foundation alumni and Television Academy governors, customized field trips, panel discussions, and skill-building workshops with industry leaders.

The 43rd College Television nominees and winners will become part of the Television Academy Foundation's alumni family and have the opportunity to participate in year-round networking opportunities and events.

If you have any questions about how to complete your submission, please do not hesitate to reach out to CTASupport@TelevisionAcademy.com.

We look forward to seeing your work!
ELIGIBILITY RULES

- Eligible individuals must have been enrolled in an accredited college within the United States at the time of production and completion. Entrants must be enrolled in a course curriculum in which they are receiving a class credit. Faculty verification is required.

- Eligible credits are Producer, Director and Writer, any of whom may make an entry. If a school does not allow students to make submissions, a festival coordinator or other faculty serving in a similar role is permitted to submit on behalf of the students. All eligible students listed as Producer, Director and Writer on the production credits must be listed on the entry. A PDF upload of production credits are required with each entry. There will be no changing of credits after the error & omissions deadline December 12, 2023.

- Eligible programming must have been produced and completed between August 1, 2022 - July 31, 2023.

- For submissions made into Drama Series, Comedy Series, Animation Series, Nonfiction Series and Loreen Arbus Focus on Disability you will be asked to imagine your program as an episode in a series and write short synopses of two additional episodes that are required and will be reviewed as part of your submission. NOTE: These two “imagined” episodes need not be produced, nor intended to be produced. The judges want to see where you would take your story.

- Any piece commissioned for commercial use is ineligible.

- It is a general principle of this contest that a single achievement is limited to a single bid for a College Television Award. This principle requires that every entrant place his/her achievement in only one category. Please note that the sole exception to this rule allows a program entered in the regular categories of the College Television Awards competition to additionally enter in the Loreen Arbus Focus on Disability category (providing it meets the criteria described in that category).
